Session Instruction Type Code — SES006

Category	Academic / Course / Class Session / SES006
Description	The Code used to indicate the teaching approach employed in delivering a course section.
Data Type	N
Length	2
Format	X
Collection Period	

Current	Following

Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

A course section or CRN can have multiple sessions or meeting times. Each course section must have at least one session or meeting time.

Example: An institution may have the need to schedule one course section as a 4 credit lecture and lab. They may enter this as a single session for 4 credits cross-referenced to code 11 above. Other institutional options for entry might include coding the 4 credit lecture and lab as one course section, with two sessions, one for lecture and one for the lab. These sessions might be coded as 3 credits cross-referenced to 10 and 1 credit cross-referenced to 30.

Session End Time SES010

Category	Academic / Course / Class Session / SES010
Description	The time the session ends (Military time) with minutes added to reflect between class time on the campus.
Data Type	
Length	4
Format	
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices	

	The 'between class time' varies from 5 to 15 minutes among the schools in the University System. The amount used should equal the amount of time between scheduled periods. For example, a school has a class meeting from 0900 to 0950, or 50 minutes, with another class period starting at 1000. The between class time should be 10 minutes. This between class time (of 10 minutes) should be added to the Class Ending Time only for this class.

Course

Course Number CRS001

Category	Academic / Course / Course / CRS001
Description	The number consisting of up to 4 characters and an optional one-character alpha or numeric suffix, assigned by the institution.
Data Type	A/N
Length	5
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Numbers should precede letters in all course numbers.

Use of alpha or numeric suffix is optional except for Common Course Numbers in the Core Curriculum.

The Course Acronym, Course Number, and Section Number, together form the "Curriculum Course Identification Code" which identifies a specific course.

The Course Acronym and Course Number should match the entry for that course in the institution's catalog.

Only Learning Support courses (LS-System, LS-Institution or voluntary LS) may use a code of 99 or below.

(See Academic Affairs Handbook 2.04.04)

COURSE CATALOG record must exist if COURSE SECTION is present.

Course CIP Code CRS004

Category	Academic / Course / Course / CRS004
Description	A code associating each course with an academic discipline using the U.S. Department of Education's National Center for Education Statistics (NCES) CIP coding system. Formula funding is based on accurate reporting of CIP codes.
Data Type	N
Length	6
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

A business practice for updating CIP Codes is located in the Business Processes section of the GeorgiaBEST website. https://www.usg.edu/georgia_best/application_development_and_support/business_processes.
Use the same CIP code for a course every term it is offered and for all sections of the same course in a single term.

CIP Codes beginning with the first two digits "32" are exclusive to Learning Support (Developmental Studies and Academic Assistance) Courses.

Business Law courses should have the first two digits of the CIP equal "52" (not "22," which indicates Law School courses).

Courses offered to meet physical education requirements (i.e., personal health, fitness and recreation) should be coded 36.0108.

Courses offered in Colleges of Education in Physical Education (i.e., Teacher Education) should be coded 13.1314.

Military Science courses should be coded in the 28.0000 or 29.0000 categories. These courses are not funded in the USG Funding Formula.

All CIP codes for distance education courses are assigned by the sending institution.

Validation Rules

Status: Active

Severity	Code	Description
Error	VCRS001	Course CIP Code must be a valid code according to the list of Federal Course CIP Codes.
	VCRS002	CIP Codes beginning with 0180 are only valid for University of Georgia Veterinary Medicine.
	VCRS003	If Instruction level Code is 10, Course CIP Code first two digits must be 32.

Severity	Code	Description
Error	VCRS004	An invalid or null Course CIP code is causing the funding group to fall outside of range.

20214	Feb 4, 2021 12:00:00 AM	Corrected data element source fields.
20211	Jun 12, 2020 12:00:00 AM	Updated the Business Practices section to refer to the USG GeorgiaBEST Business Practices website. Updated VCRS002 with the 2020 CIP Code for Veterinary Medicine.
20001		Element name changed from CIP Code; number changed from C107.

Instruction Level Code

CRS005

Category: Academic / Course / Course / CRS005

Description: A two-digit code used to indicate the level of instruction for a course. Formula funding is based on accurate reporting of Instruction Level.

Data Type: N

Length: 2

Format: X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

The codes for Lower Division-20, Upper Division-30, and Professional-80, level courses may be coded more specifically.

It is the institution's option to use the more detailed corresponding codes, 21 and 22; 31 and 32; or 81 and 82

The code NR should be used to identify courses that the institution has designated as placeholders (i.e. placeholder course for study abroad). Use of this code will allow the course to be collected but not included in the credit hour or course enrollment reports. This code will also exclude the placeholder course from being counted in the student's credit hours attempted. When NR is used on a course, all course sections of this course will be impacted.

Validation Rules	

Status: Active

Severity	Code	Description
Error	VCRS010	For Abraham Baldwin Agricultural College, Atlanta Metropolitan State College, College of Coastal Georgia, Dalton State College, East Georgia State College, Georgia Gwinnett College, Georgia Highlands College, Gordon State College, and South Georgia State College, instruction level code must be 10, 20, 21, 22, 30, 31, 32, or NR.

Business Practices

The courses coded D or E must also have a specific External Site assigned to the course. Courses coded 60 (Practice Teaching) and 81 (Internship/Practicum) for the Session Schedule Type Code (Type of Instruction Code) will normally be coded as B, "Section with unassigned space" for the Section Location Code. Since the students in a single course normally gain this degree-related practical experience at multiple sites that are not "external sites" in the intended sense of that term, coding this field as "Section with unassigned space" avoids submitting multiple course records and an external site code for each student. An exception to this rule occurs if a specific meeting space, either on or off campus, is assigned to the course on a weekly basis throughout the term for periodic class meetings of the student teachers, interns, etc. with supervising faculty, then the Section Location Code should be coded either A or D to reflect that fact.

This code identifies the basic nature of a course's facilities impact at the reporting institution and enhances the ADM Room Utilization data.

Validation Rules

Status: Active

Severity	Code	Description
Error	VSEC008	If Section Location Code is A, B, D, or E and Section Instruction Type Code is 10 then all associated Session Instruction Type Code values must be anything other than 30 or 40.
	VSEC009	Invalid or blank Section Location Code.
	VSEC010	Section Location Code C must have room and building information.
	VSEC011	Section Location Code of C must have all contact hours set at 0.
	VSEC012	If Section Location Code is C, the Faculty SSN must not be null
	VSEC013	If Section Location Code is A, B, D, or E and Section Instruction Type code is 30 or 40, all associated Session Instruction Type Code must also be 30 or 40.
	VSEC014	If Section Location Code is C, Course Credit Hours must be 0.

Valid Values

Off-Campus

Code	Description
D	At an off-campus site in assigned space
E	At a specific off campus site with unassigned space

On Campus

Code	Description
A	Section on campus in assigned space
B	Section with unassigned space (this code should be assigned for student teaching, nursing practicum, internet courses, etc., that take place at unspecified sites (i.e. too numerous and varied to be specified) as well as on-campus courses with no assigned space, e.g., physical education)
C	Section on campus in assigned space, but conducted by outside institution; outside institution enrolls student

Course Credit Hours SEC021

Category	Academic / Course / Course Section / SEC021
Description	The number of credit hours, rounded to the nearest tenth, to be awarded per student for satisfactory completion of the course.
Data Type	N
Length	5
Format	X
Collection Period	Current: Mid-term Y, End of Term Y Following: Mid-term, End of Term Annual, Monthly, Other
Business Practices	Round to the nearest tenth. If the credit hours vary among students, use zeros in this field, but provide Total Credit Hours.

The number of credit hours may or may not equal the number of contact hours for the course, but the credit hours should equal the number shown for the course in the institution's course schedule.

For all distance education courses, only the institution that enrolls the students may report students and TOTAL credit hours; institutions reporting sections of DE courses for which they do not enroll students will enter a non-zero value in this field, but will enter zeros in Number of Students, and Total Credit Hours -- this is a binding USG Funding Formula restriction.

For courses that enroll/award credit hours to more than one level of student, a separate report must be submitted for each instruction level, i.e., each is reported as a separate section of the course.

Formula funding is based on accurate reporting of course credit hours.

Business Practices

Institutions will be required to categorize course section offerings to identify the degree to which the instructional

	content is delivered through the use of technology.
Validation Rules	**Status: Active**

Severity	Code	Description
Error	VSEC036	Instructional Delivery Code must be a valid value or NULL.
	VSEC037	Instructional Delivery Code is required if Course Section Technology is not NULL

Valid Values

Code	Description
E	Entirely at a Distance - This course is delivered 100% through distance education technology. No visits to campus or designated site are required.
F	Fully at a distance - All or nearly all of the class sessions are delivered via technology. The course does not require students to travel to a classroom for instruction; however, it might require students to travel to a site to attend an orientation or to take exams. (NOTE: This is generally equivalent to delivering more than 95 percent of sessions via technology.)
H	Hybrid - Technology is used to deliver 50 percent or less of class sessions, but at least one class session is replaced by technology.
P	Partially at a distance - Technology is used to deliver between 51 and 95 percent of class sessions, but visits to a classroom (or similar site) are required. (NOTE: If a course is offered through two-way interactive video, then it should be coded partially at a distance because students must meet at a designated location.)
T	Technology enhanced - Technology is used in delivering instruction to all students in the section, but no class sessions are replaced by technology.

Business Practices

A combined Course Section Attribute business process is located in the Business Processes section of the GeorgiaBEST website.
https://www.usg.edu/georgia_best/application_development_and_support/business_processes

Validation Rules

Status: Active

Severity	Code	Description
Error	VSEC046	A course Section must only have one Primary study abroad/away code
	VSEC047	A course Section must only have one Duration study abroad/away code
	VSEC048	For each study abroad/away course, one Primary code and one Duration code must exist
	VSEC049	If Supplementary study abroad/away course attribute exists then Primary and Duration study abroad/away attribute codes must exist

Valid Values

DURATION

Code	Description
ZSA1	Less than 2 weeks
ZSA2	2 to less than 4 weeks
ZSA3	4 to less than 8 weeks
ZSA4	At least 8 weeks but less than a full semester
ZSA5	One semester

PRIMARY

Code	Description
ZSAB	Study Abroad (The course is taught outside of the United States)
ZSAW	Study Away (The course is similar to Study Abroad and also results in progress toward a degree at the student's home institution but is taught within the United States in a location significantly different than the home campus)

SUPPLEMENTARY

Code	Description
ZSAC	Faculty Led (The course is taught by a faculty member at your institution who is leading the trip)
ZSAD	Branch Campus Abroad (The course is taught at a USG's branch campus abroad such as the sites in Costa Rica, Cortona, Oxford, Montepulciano)
ZSAE	Embedded (The course is partially taught on the USG campus, and partially taught abroad, such as courses with a trip over Spring or Winter Break)
ZSAF	USG Consortium Study Abroad (The course is taught as part of one of the USG Goes Global (G3) Study Abroad trips, such as European Council and Asia Council trips)
ZSAG	International Service Learning (The course was created to capture credit bearing volunteering, community development and/or other related educational experience abroad)
ZSAH	Internship Abroad (credit bearing work experience abroad)
ZSAI	Research Abroad (credit bearing research experience abroad, self-organized or sponsored)
ZSAJ	Direct Enroll/Unilateral (course is taught at an international institution in which the student is enrolled directly)
ZSAK	Exchange/Bilateral (course is taught at an international institution in which the student is enrolled and whereby the USG institution holds an exchange agreement)
ZSAL	Third Party Provider (course is taught abroad as part of a study abroad program offered by a third party provider/company/organizer)

High Impact Practice Course Section Attribute SEC028

Category	Academic / Course / Course Section / SEC028
Description	A course section attribute that identifies course sections that use at least one high impact practice: service learning, undergraduate research, work-based learning, undergraduate capstone, first-year experience, common intellectual experience, learning communities, writing-intensive, collaborative assignments and projects, ePortfolio courses or Diversity / Global Learning.
Data Type	A
Length	4
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices	All High Impact Practice course sections require a primary attribute and, if applicable, a contact hour or context attribute. Supplemental codes may be used to identify courses that meet an institutional requirement for participation in High Impact Practice courses or to identify course sections that are linked to other course sections grouped as a common High Impact Practice for students enrolled (e.g., multiple course sections for learning communities or common intellectual experiences). The "Course Section Attributes Business Process" is located in the Business Processes section of the GeorgiaBEST Web Site https://www.usg.edu/georgia_best/application_development_and_support/business_processes
Validation Rules	Status: Active

Severity	Code	Description
Error	VSEC042	A Course Section may have only one Service Learning Contact Hours Course Attribute.

Severity	Code	Description
Error	VSEC043	A Course Section may have only one Undergraduate Research or Creative Project Contact Hours Course Attribute.
	VSEC044	A Course Section may have only one Work-Based Learning Contact Hours Course Attribute.
	VSEC050	A Course Section may have only one Collaborative Assignments and Projects Contact Hour Course Attribute.
	VSEC051	If Diversity / Global Learning context attribute ZDUS or ZDGL is present on a course section, then the primary ZDGP attribute must also be present.
	VSEC052	A Course Section may have only one Diversity / Global Learning Context Course Attribute.

Status: Inactive

Severity	Code	Description
Known Issue	VSEC045	If Work-Based Learning Course Attribute is ZWL3 or ZWL4 then section instruction type code must be 81.

Valid Values

CAPSTONE

Code	Description
ZCAP	Primary: Capstone course meets institution's criteria as a High Impact Practice for Capstone.

COLLABORATIVE ASSIGNMENT AND PROJECTS

Code	Description
ZCO1	Contact Hours: Collaborative Assignments and Projects component requires 10 or less contact hours
ZCO2	Contact Hours: Collaborative Assignments and Projects component requires 11 - 20 contact hours
ZCO3	Contact Hours: Collaborative Assignments and Projects component requires 21 - 50 contact hours
ZCO4	Contact Hours: Collaborative Assignments and Projects component requires 51 or more contact hours
ZCOP	Primary: Collaborative Assignments and Projects course section meets institution's criteria as a High Impact Practice for Collaborative Assignments and Projects

COMMON INTELLECTUAL EXPERIENCE

Code	Description
ZCIP	Primary: Common Intellectual Experiences course section meets institution's criteria as a High Impact Practice for Common Intellectual Experiences

DIVERSITY / GLOBAL LEARNING

Code	Description
ZDGL	Context: The majority (or all) of the exploration around differences are in the context of the broader global community
ZDGP	Primary: Course includes elements that explore culture, life experiences, and worldviews different from current U.S. dominant culture. The course addresses U.S. diversity, world cultures that included differences such as race, ethnicity, gender or human rights, freedom and power
ZDUS	Context: The majority (or all) of the exploration around differences are in the context of the United States

FIRST-YEAR EXPERIENCE

Code	Description
ZFYP	Primary: First-Year Experience course section meets institution's criteria as a High Impact Practice for First-Year Experience

LEARNING COMMUNITIES

Code	Description
ZLCP	Primary: Learning Community course section meets institution's criteria as a High Impact Practice for Learning Communities

SERVICE LEARNING

Code	Description
ZSL1	Contact Hours: Service learning courses that require 10 or less hours of service

Code	Description
ZSL2	Contact Hours: Service learning courses that require 11 to 20 hours of service
ZSL3	Contact Hours: Service learning courses that require 21 to 50 hours of service
ZSL4	Contact Hours: Service learning courses that require 51 or more hours of service
ZSLP	Primary: Service Learning Course meets institution's criteria as a High Impact Practice for Service Learning

SUPPLEMENTAL

Code	Description
ZHIL	Course section is linked to other course sections that are grouped as a common High Impact Practice experience for students enrolled in the course section.
ZHIR	Course meets a High Impact Practice requirement established by the institution.

UG RESEARCH

Code	Description
ZUR1	Contact Hours: Research or creative project requires 30 or less contact hours
ZUR2	Contact Hours: Research or creative project requires 31 to 50 contact hours
ZUR3	Contact Hours: Research or creative project requires 51 to 100 contact hours
ZUR4	Contact Hours: Research or creative project requires 101 or more contact hours
ZURP	Primary: Undergraduate Research course meets institution's criteria as a High Impact Practice for Undergraduate Research

WORK-BASED LEARNING

Code	Description
ZWL1	Contact Hours: Work-based component requires 30 or less contact hours
ZWL2	Contact Hours: Work-based component requires 31 to 50 contact hours
ZWL3	Contact Hours: Work-based component requires 51 to 100 contact hours
ZWL4	Contact Hours: Work-based component requires 101 or more contact hours
ZWLP	Primary: Work-Based Learning Course meets institutions criteria as a High Impact Practice for Work-Based Learning

WRITING-INTENSIVE COURSES

Code	Description
ZWIP	Primary: Writing-Intensive course section meets institution's criteria as a High Impact Practice for Writing Intensive Courses

ePORTFOLIO

Code	Description
ZEPP	Primary: ePortfolio meets institution's criteria as a High Impact Practice for ePortfolios

Business Practices

Complete this element for all courses.

For all distance education courses, only the institution that enrolls the students enters a non-zero value in this field -- this is a binding, USG Funding Formula restriction.

For courses that enroll/award credit hours to more than one level of student, a separate report must be submitted for each instruction level, i.e., each is reported as a separate section of the course.

Formula funding is based on accurate reporting of total credit hours.

Y	Y					

Business Practices

Must match USG Faculty Information System (FIS).

If more than one instructor has responsibility for a course/section, the SSN for each instructor -- to a maximum of 20 -- should be reported by submitting a duplicate record for each faculty member participating in the course.

Separate records for a distance education course, i.e., reported by the sending institution and the receiving institution(s), should report only the SSNs of their own faculty who share responsibility for conducting the course.

Validation Rules

Status: Active

Severity	Code	Description
Error	VFCS010	Faculty SSN cannot be all zeros
	VFCS012	Faculty SSN must be a numeric code unless it is null.

Status: Inactive

Severity	Code	Description
Error	VFCS011	Faculty SSN must not be null if Section location code is B or E and DE Unique code is null

Faculty Teaching Percentage FCS005

Category	Academic / Course / Faculty / FCS005
Description	The percent of responsibility for instruction assigned to each faculty member in a course at the section level.

Data Type	N
Length	3
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Only whole numbers should be reported (i.e., 40 not .40), and the sum of percentages for course sections requiring instruction from multiple faculty must equal 100.

If more than one instructor has responsibility for a course/section, the percentage responsibility for each should be reported by submitting a duplicate CIR record for each faculty member participating in the course/section.

For distance education courses, both sending and receiving institutions submit records for separate sections of the same distance education course. Where both institutions claim faculty responsibility for the course, each should assign the percentage that best reflects the actual share of responsibility for the course belonging to its faculty member(s), making every effort to accurately record multiple faculty participation in distance education courses.

Validation Rules

Status: Active

Severity	Code	Description
Error	VFCS005	Faculty Teaching Percentage must not exceed 100 for any individual instructor
	VFCS006	Faculty Teaching Percent must not be blank if the section location code is B or E and the Faculty SSN Is not blank.

USG Cumulative Credit Hours Attempted for GPA SGC003

Category	Academic / Graduation / Student Graduation / SGC003
Description	The number of credit hours attempted at your institution for calculation of a standard System cumulative GPA. Excludes institutional credit hours attempted and transfer credit hours attempted. This field uses a consistent definition of hours attempted across the System. This field is not affected by varying institutional rules on renewal or repeat of courses. This may not be consistent with hours calculated by the institution for institutional use. The hours reported in this field are not equivalent to HOPE hours attempted.
Data Type	N
Length	6
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices

For graduate students, do not include work attempted while the student was classified as an undergraduate.

Do not include institutional hours (such as learning support hours).

Do not include hours attempted for courses where grade is I, IP, Pass/Fail and W.

Do not include transfer hours.

Include all hours counted toward "Regents" GPA.

Institutional Cumulative GPA — SGC006

Category: Academic / Graduation / Student Graduation / SGC006

Description: The result obtained by dividing the total number of college-level credit hours attempted at your institution into the total number of college-level quality points earned at your institution. This GPA definition varies across the System, and it reflects varying institutional repeat policies.

Data Type: N

Length: 12

Format: X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices

This GPA is based on the hours reported in Institutional Cumulative Credit Hours Attempted.

This GPA appears on the student's transcript.

Grades that do not have quality points (e.g. S/U or P/F grades) should not be included in the institutional cumulative GPA. To exclude these grades the count in the GPA box on SHAGRDE should be left blank.

For graduate students, do not include work attempted and earned while the student was classified as an

	undergraduate. Exclude institutional credit (such as learning support). '0.00' is not equal to leaving the field null.
Validation Rules	**Status: Active**

Severity	Code	Description
Error	VSGC020	Institutional Cumulative GPA must be greater than zero and cannot be null.
	VSGC021	Institutional Cumulative GPA must be 4.00 or less for everyone but Georgia State University and the University of Georgia.
	VSGC022	Institutional Cumulative GPA must be 4.30 or less for only Georgia State University and the University of Georgia.

USG Cumulative GPA — SGC007

Category	Academic / Graduation / Student Graduation / SGC007
Description	The result obtained by dividing the total number of college-level credit hours attempted at your institution into the total number of college-level quality points earned at your institution. This GPA definition is common across the System, and i t is not affected by varying institutional procedures for how to count repeated courses.
Data Type	N
Length	12
Format	X

Collection Period							
	Current		Following				
	Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
			Y	Y			

Business Practices

Corresponds to the hours reported in USG Institutional Cumulative Credit Hours Attempted for GPA USG Standard.

Do not include institutional credit or transfer credit.

For graduate students, do not include work attempted and earned while the student was classified as an undergraduate.

Leave blank for a student who has received all S/U or P/F grades.

If GPA is missing, leave field blank; do not use 0.00.

Matriculation Term SGR001

Category	Academic / Graduation / Student Graduation / SGR001
Description	The fiscal year and term in which the student first enrolled at the institution as an Undergraduate, Graduate, or First Prof essional student.
Data Type	N
Length	5
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices

This code must change when a student changes from an undergraduate to graduate or professional level.

This code must be changed when a joint enrolled or transient student becomes an undergraduate student for the first time. For example, for a student who first enrolled as a freshman in Fall Semester 2000 (coded as 20012), graduated with a baccalaureate degree in 2005, and then enrolled as a graduate student in Fall Term 2005, use a new code for the record on that student in the Fall 2005 report.

Validation Rules

Status: Active

Severity	Code	Description
Error	VSGR015	Matriculation Term must not be NULL.
	VSGR016	Matriculation Term must be equal to or less than the current year and term.
	VSGR017	Matriculation Year must be >1900.
	VSGR018	Before Summer 1998, besides 1,2, and 4, 3 can be a valid term code for Matriculation Year and Term
	VSGR019	Matriculation Term must equal 1, 2, or 4 (after Summer 1998).
	VSGR020	After Summer 1999, only 1, 2, 4 are valid term for Matriculation Year and Term for GA Tech.
	VSGR021	Matriculation Term must be less than or equal to the graduation term.
	VSGR053	Matriculation Term must be a valid academic term.

From the IPEDS glossary:

Resident alien (and other eligible non-citizens) -- A person who is not a citizen or national of the United States but who has been admitted as a legal immigrant for the purpose of obtaining permanent resident alien status (and who holds either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian).

Nonresident alien: A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

The IPEDS instructions for reporting:

Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.

Nonresident alien - A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories.

County of Origin at Matriculation SGR010

Category	Academic / Graduation / Student Graduation / SGR010
Description	The county of residence in which the student legally resided at the time of matriculation to the institution as an Undergr aduate, Graduate, or First Professional student. For most students, this information is collected at the time of application and is not later updated.
Data Type	A
Length	3
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices	This element can change only when a student matriculates into a different level (e.g., from Undergraduate to Graduate

student level, from Undergraduate to First Professional, or from Graduate to First Professional level; see Student Level element for definition of levels).

The County of Origin is linked to State of Origin. If the State of Origin is Georgia, the County of Origin at Matriculation must be a valid Georgia county code (001 - 159). If the State of Origin is not Georgia, then the County of Origin at Matriculation must be 999 for Out-of-State or 888 for Out-of-Country.

Validation Rules

Status: Active

Severity	Code	Description

Race SGR014

Category	Academic / Graduation / Student Graduation / SGR014
Description	The race group or groups with which a person identifies or having origins as identified below. A person may choose one or more race groups.
Data Type	A
Length	1
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices

The question from which race is derived should present the categories of race in order of numerical frequency in the Georgia population, rather than alphabetically, in the following order: White, Black or African-American, Asian, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander. Federal research has found that following alphabetical order in the question categories results in substantial over reporting of the category "American Indian or Alaska Native".

The "Race and Ethnicity Business Process" is located in the Business Processes section of the GeorgiaBEST website.
http://www.usg.edu/georgia_best/busproc_docs/Race_and_Ethnicity_BP_UserDoc.pdf
This is self-reported data. The following abbreviated name may be used in text for this category: American Indian (instead of American Indian or Alaska Native); Black (instead of Black or African American); and Pacific Islander (instead of Native Hawaiian or Other Pacific Islander).

If more than one race code is entered in the Race block, the student will be reported in categories such as Two or more races, Three or more races, etc., or the category name will consist of the combination of races involved such as Asian and Black or African American.

Null will be reported as Unknown/undeclared.

Validation Rules

Status: Active

Change History

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20101		Until Summer 2009, ethnicity as Hispanic/Latino was a category of Race/Ethnicity. In Summer 2009, race and ethnicity were separated into two fields. In addition, changes were made to the categories of race. Before Summer 2009, Pacific Islanders were included in the same category as Asian students; in Summer 2009, Pacific Islanders were counted in a new category with Native Hawaiian students. The categories, 'Multicultural' and 'Unknown/undeclared' will not exist as of Summer 2009. This field is derived from SIRS Element S103.

Ethnicity SGR015

Category: Academic / Graduation / Student Graduation / SGR015

Description: Ethnicity is a code describing whether or not a student is Hispanic or Latino. A Hispanic or Latino individual is one who is of Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race. Ethni city refers to the heritage, nationality, lineage, or country with which a person identifies. People who identify themselves as Hispanic or Latino may be of any race.

Data Type: N

Length: 1

Format: X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other

		Y	Y			

Business Practices

On documents such as applications for admission, the ethnicity question should only include two options: Hispanic or Latino or Not Hispanic or Latino.Unknown should not be a response option.

This is self-reported data. The following abbreviated name may be used in text: Hispanic (instead of Hispanic or Latino). A student should have a value on both the Ethnicity element and the Race element. For some reports, combinations of race and ethnicity will be reported (for example: white, non-Hispanic; black, Hispanic; etc.)

Null will be reported as Unknown/undeclared.

The "Race and Ethnicity Business Process" is located in the Business Processes section of the GeorgiaBEST website.

ACADEMIC_LEVEL.STUDENT_LEVEL

Legacy Element ID

Change History

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20091		09/2008 added DE to Student Level 11
20031		In Summer 2002, the student level "70 Graduate" was replaced with 72, 74, and 76.
19983		In Winter 1998, 'degree' in Code 51 was further specified to mean 'bachelor's degree'. In Summer 1998, Code 05, vocational-technical student enrolled in vocational-technical programs under contract with the Georgia Department of Technical and Adult Education, was dropped. In Fall 1998, the equivalent number of SCHs was changed from QCHs: Code 10, 0-44 changed to 0-29; Code 20, 45-89 changed to 30-59 and 45 changed to 30; Code 30, 90-134 changed to 60-89; Code 40, 135 to 90. In Summer 2000, Code 81, for First Professional B student enrolled in Forest Resources, Pharmacy (at Bachelor's level), Journalism, or Social Work (beyond sophomore level), at University of Georgia only, was dropped.
20111		10/2009 added Post-Baccalaureate student level codes 54 and 58
20131	Aug 14, 2012 12:00:00 AM	Turned off Edit VSGR049 due to Professional students being able to allow multiple degrees which could range from any value of degree levels.

Degree Acronym

SPA001

Category	Academic / Graduation / Student Graduation Program / SPA001
Description	An alphanumeric field for recording the degree or certificate acronym for the award as recorded in the Catalog of Authorized Academic Programs (CAAP).
Data Type	A
Length	6
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other

20194	Nov 12, 2018 12:00:00 AM	Nexus Degree Level Code G was added.
19994		Prior to Spring 1998, the title was Degree Recognition Code.
20011		In Summer 2000, Q, First Professional B, including Baccalaureate degrees at UGA only in Forest Resources, Pharmacy, Journalism, and Social Work, was removed.
20252	Dec 17, 2024 12:00:00 AM	DMA to CAAP: Updated the URL in the Business Practices section.
20211	Jun 12, 2020 12:00:00 AM	Updated URL in the Business Practice Section. Change the data source from STVDEGC.STVDEGC_DLEV_CODE where STVDEGC.STVDEGC_CODE = SHRDGMR.SHRDGMR_DEGC_CODE to STVDEGC_DLEV_CODE where STVDEGC_CODE = SHVCCUR_DEGC_CODE. Updated the GUI Name and GUI Label.

Major Code

SPA003

Category	Academic / Graduation / Student Graduation Program / SPA003
Description	The Classification of Instruction Program (CIP) code for the student's chosen primary field of study which leads to award of a degree or certificate.
Data Type	N
Length	8
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices

The National Center for Education Statistics document, A Classification of Instructional Programs (2020), serves as a reference for appropriate codes. The institution title is matched with the closest CIP title to determine the code. This field is two concatenated fields-the CIP code (6 digits based on federal codes) and the CIP code extension (2 characters based on BOR- approved CIPs in the Catalog of Authorized Academic Programs (CAAP)). The official source of valid CIP codes for each institution is the Board of Regents Catalog of Authorized Academic Programs (CAAP).

Two-year core curriculum offerings (transfer) are considered a single program and should be reported as CIP code 24010100 (Liberal Arts and General Studies).

Two-year career programs should be coded with the appropriate CIP Code as shown in the Catalog of Authorized Academic Programs (CAAP).

More information can be found at:
https://usg.edu/research/academic_programs

Validation Rules	**Status: Active**

Severity	Code	Description
Error	VSPA002	Major Code must be a valid code in the Catalog of Authorized Academic Programs (CAAP) in combination with the Degree Level Code and Degree Acronym.
	VSPA003	Invalid CAAP status code for First time Students, please contact the CAAP administrator.
	VSPA004	The first six positions of the Major Code cannot be null or zeros
	VSPA005	Major Code cannot be "99999999", ''999999 '', or ''99999900''.
	VSPA006	The CIP and CIP Extension for Pre Nursing Majors (PNUR) must be 51380101.
	VSPA007	The CIP and CIP Extension for Nursing Majors (NURS) must be 51380101 or 51380105.
	VSPA009	CIP CODE Cannot be Undeclared for Graduation.

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20012		The title of the field was changed from "Major Area Code" to "Major Code" in Fall 2000.
20252	Dec 17, 2024 12:00:00 AM	DMA to CAAP: Updated references to the Catalog of Authorized Academic Programs (CAAP), formerly Degrees and Major Authorized (DMA), in the Business Practices section and in validations VSPA002 and VSPA003.
20211	Jun 12, 2020 12:00:00 AM	Edited the Business Practices Section to display the 2020CIP update and the correct URL for the Degrees and Majors Authorized website. Changed the Data Source from STVMAJR.STVMAJR_CIPC_CODE where STVMAJR_CODE = SHRDGMR_MAJR_CODE_1 to STVMAJR_CIPC_CODE FROM STVMAJR WHERE STVMAJR_CODE = SOVCFOS_MAJR_CODE. Updated the GUI Label. Added the SOAXREF Translation Code.

Institutional Major Code

SPA004

Category	Academic / Graduation / Student Graduation Program / SPA004
Description	Institution's major code for the student's chosen primary field of study which leads to award of a degree or certificate.
Data Type	A
Length	10

Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y	Y			

Business Practices	The Institutional Major Code is an institution specific code. A student's active and current graduation program record should not include duplicate combinations of Degree Acronym + Institutional Major Code + Field of Study Category + Institution Program Code + Student Level Code. (Duplicate award records differ by only the Unique Sequence Number, Field of Study Priority Number and/or Curriculum Priority Number.)
Validation Rules	**Status: Active**

Severity	Code	Description
Error	VSPA011	Duplicate graduation program records (Degree Acronym + Institutional Major Code + Field of Study Category + Institution Program Code + Student Level Code) should not exist for a student in the graduation term.

Change History

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20191	Jul 5, 2018 12:00:00 AM	New validation VSID003 created 20191.
20012		Before Fall 2000, this element had the same name and number (S101--Identification Number, Student), but it contained both SSNs and student identification numbers. In most cases, this was the SSN. However,dummy numbers were sometimes assigned in the format of IIX-00-XXXX, where II was the institution code number (General Operations Data Element NORMS) and the X's were consecutively assigned by the institution. The center digits remained 00 in such cases. After the implementation of Banner, a 'dummy' number might have contained a leading '@'.
20191	Jul 5, 2018 12:00:00 AM	New validation VSID004 created 20191.

Georgia Testing Identification Code — SID003

Social Security Number — SID004

Category	Academic / Person / Student Identifier / SID004
Description	The official Social Security Number that uniquely identifies a student.
Data Type	N
Length	9
Format	X
Collection Period	

Current	Following

Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y	Y				

Business Practices

In rare cases, a student may not have a Social Security number. In the event a student SSN is not available, the institution may enter the Individual Taxpayer Identification Number (ITIN), a tax processing number issued by the Internal Revenue Service into the SSN field.

The ITIN is a nine-digit number that always begins with the number 9 and has a 7 or 8 in the fourth digit (for example, 9XX-7X-XXXX). The IRS issues ITINs to individuals who are required to have a U.S. taxpayer identification number but who do not have, and are not eligible to obtain a SSN from the Social Security Administration (SSA). ITINs are issued regardless of immigration status because both resident and nonresident aliens may have U.S. tax return and payment responsibilities under the Internal Revenue Code.

Since the SSN is one of the major indicators used to track student migration across the System, institutions should ensure that only a valid SSN or ITIN is entered in the Social Security number field. Institutions are prohibited from entering dummy Social Security or ITIN numbers in this field. Note that institutions assigned dummy student ID numbers in the past if students did not have a Social Security number. However, if the student does not have a valid Social Security number or a valid Individual Taxpayer Identification Number, this field should be blank (and the field of origin in SunGard SCT Banner, SPBPERS_SSN, should be blank). Institutions are responsible for removing invalid numbers if they plan to populate SPBPERS_SSN with numbers from the SPRIDEN_ID field.

Data collection will capture any change in SSN or ITIN from term to term. For more information, see the USG Best Practices document "Converting from Use of Social Security Numbers to a Unique Identifier" (December 9, 2003).

If the student does not have a valid Social Security Number, but has an Individual Taxpayer Identification Number (ITIN), enter the ITIN in this field. If the student has neither a SSN nor an ITIN leave this field blank. Do not enter 'dummy' SSNs in this field.

Validation Rules

Status: Active

Severity	Code	Description

Military Participation SAD005

Category	Academic / Student / Admissions / SAD005
Description	Code identifying an applicant's relationship to one of the United States Armed Forces branches.
Data Type	A
Length	3
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices	There are two questions asked on the application related to the military codes, "Are you currently active duty, a veteran, a member of the National Guard, or a Reservist in the U.S. Armed Forces?" or "Are you the spouse or dependent child under the age of 24 of someone who is currently active duty, a veteran, a member of the National Guard, or a Reservist in the U.S. Armed Forces?". If either question is answered yes, then the applicants must answer the following, "Please specify: (Active duty, National Guard, Reservist, Veteran)" and Which branch? (Air Force, Army, Coast Guard, Marines, Navy)". If Active Duty is selected for the member, spouse, or dependent child they must provide the Home of Record State.

	Everyone must answer if they are stationed or assigned to Georgia. Depending on how these questions are answered will depend on which valid value should be assigned. Please refer to the GeorgiaBest web site for Business Practice documentation: https://www.usg.edu/georgia_best/busproc_docs/MilitaryStatus_CodingBusinessProcess.pdf

Major Code Enrolled

SPE003

Category	Academic / Student / Student Program Enrolled / SPE003
Description	The Classification of Instruction Program (CIP) code for the student's chosen primary field of study which leads to award of a degree or certificate.
Data Type	N
Length	8
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

The National Center for Education Statistics document, A Classification of Instructional Programs (2020), serves as a reference for appropriate codes. The institution title is matched with the closest CIP title to determine the code. This field is two concatenated fields-the CIP code (6 digits based on federal codes) and the CIP code extension (2 characters based on BOR- approved CIPs in the Catalog of Authorized Academic Programs (CAAP)). The official source of valid CIP codes for each institution is the Board of Regents Catalog of Authorized Academic Programs (CAAP).

Two-year core curriculum offerings (transfer) are considered a single program and should be reported as CIP code 24010100 (Liberal Arts and General Studies).

Two-year career programs should be coded with the appropriate CIP Code as shown in the Catalog of Authorized Academic Programs (CAAP).

Validation Rules

Status: Active

Severity	Code	Description
Error	VSPE011	The combination of Major Area Code (CIP code), Degree Acronym, and Degree Level Code must be authorized through CAAP for degree seeking students.
	VSPE012	Must have an active CAAP status for first time degree seeking students. Please contact the CAAP administrator by submitting a Ticket to helpdesk@usg.edu.

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20211	Jun 12, 2020 12:00:00 AM	The Business Practices section was updated to reference the 2020 Classification of Instructional Programs. The Data Source was changed from STVMAJR_CIPC_CODE where STVMAJR_CODE = SGBSTDN_MAJR_CODE_1 to STVMAJR_CIPC_CODE where STVMAJR_CODE = SOVCFOS_MAJR_CODE for lowest SGVCCUR_PRIORITY_NO. Corrected the GUI Name and GUI Label.
20012		The title of the field was changed from 'Major Area Code' to 'Major Code' in Fall 2000.
20252	Dec 17, 2024 12:00:00 AM	DMA to CAAP: Updated references to the Catalog of Authorized Academic Programs (CAAP), formerly Degrees and Major Authorized (DMA), in the Business Practices section and in validations VSPE011 and VSPE012.

Institutional Major Code

SPE004

Category	Academic / Student / Student Program Enrolled / SPE004
Description	Institution's major code for the student's chosen primary field of study which leads to award of a degree or certificate.
Data Type	A
Length	10
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

The Institutional Major Code is an institution specific code.

A student's active and current enrollment program record should not include duplicate combinations of Degree Acronym + Institutional Major Code + Field of Study Category + Institution Program Code + Student Level Code. (Duplicate records differ by only the Field of Study Priority Number and/or Curriculum Priority Number.)

Validation Rules

Status: Active

Severity	Code	Description
Error	VSPE009	The CIP and CIP Extension for Pre Nursing Majors (PNUR) must be 51380101.
	VSPE022	Duplicate enrolled program records (Degree Acronym + Institutional Major Code + Field of Study Category + Institution Program Code + Student Level Indicator) should not exist for a student in the current term.

Status: Inactive

Severity	Code	Description
Error	VSPE010	The CIP and CIP Extension for Nursing Majors (NURS) must be 51380101 or 51380105.

Data Type	A

Length	10
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

The Regents Academic Interest Code monitors student programs of interest to ensure compliance with federal or state regulations, including federal financial aid (Title IV), and assists the system office in extracting data consistently across all institutions.

A Common Nursing Interest Concentration Code (ZNUI) has been created to monitor students' interest in nursing upon institutional admissions for funding compliance and reporting purposes. A translation table is available for institutions to translate their institutional major or program codes to the common code. All institutions using the common code 'ZNUI' must translate it to 'ZNUI' for collection purposes.

For additional information, please refer to the "Maintaining the Nursing Interest Concentration Code" and "Creating Translations for Data Collections" Business Practices, which are available on the GeorgiaBEST Business Processes webpage.

Student Term Enrollment

Advanced Standing Hours - AP STE001

Category	Academic / Student / Student Term Enrollment / STE001
Description	The number of credit hours accepted from Advanced Placement Programs (AP) tests.
Data Type	N
Length	6
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Advanced Standing Hours Accepted for AP Credit reflects the total number of hours accepted through Advanced Placement Program (AP) tests.

For AP, this field applies to all undergraduates where matriculation date is on or after Summer 2002 (20031).

Credit earned through external testing or as advance standing examinations must be recorded through transfer articulation using the appropriate institution codes.

These data elements will be populated from data entered on Transfer Course Information (SHATRNS).

To be sure the information is pulled correctly for Advanced Standing hours, the following program code should be used for AP: '999901'.

Do not use your institution code on SHATRNS. If credit by exam is accepted while a student is enrolled, use 999901 as the institution code to record this credit on SHATRNS.

Admissions High School Grade Point Average

STE008

Category

Academic / Student / Student Term Enrollment / STE008

Description

The result obtained by dividing the specified academic credit hours attempted at the high school level into the total num ber of quality points earned in those courses. Must be calculated at the time of admission (not extracted from transcripts).

Data Type

N

Length

4

Format

X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Range of 0.00 through 4.00, and in the format #.## except in the following instances:

If High School Code = HS4444, High School GPA = 4.44 or 8.88.

If High School Code = 888888, High School GPA = 8.88.

If High School Code = 777777, High School GPA = 7.77.

Use the following values for the specified letter grades (make no adjustment for plus or minus grades). 4.00 A, 3.00 B, 2.00 C, 1.00 D, 0.00 F

For students completing a RHSC curriculum, this average should include only the subset of the 16 RHSC courses taken in high school at the time of admission. Students graduating high school prior to 2012 are only required to have the 16 units. Starting in 2012, students are required to have 17 units.

Do not include additional academic units in calculation of HSGPA.

This field should be blank (null) for the following students: graduate and professional students; students entering undergraduate programs as home school students, auditors, GED students, students who graduated from a foreign high school, and students from ungraded high schools.

The field may be blank for transient or transfer students.

Do not update this field after admission.

Validation Rules

Status: Active

Severity	Code	Description
Error	VSTE001	If not null, decimal point must be in the second position of the four-character field.
	VSTE002	If matriculation date is before 20031, then If the High School Code is not null, the High School GPA must be between 0.00 and 4.00, or equal to 4.44, 7.77, 8.88 or 9.99. (Exclude Georgia Tech)
	VSTE003	If matriculation term is before 20031, then If the High School Code is not null, the High School GPA must be between 0.00 and 4.50, and in the format #.## or equal to 4.44, 7.77, 8.88 or 9.99. (Georgia Tech only)
	VSTE004	If matriculation date is before 20031, then If High School Code is HS4444, then High School GPA must be 4.44 or 8.88.
	VSTE005	If matriculation date is before 20031, then If High School Code is 888888, then High School GPA must be 8.88.
	VSTE006	If matriculation date is before 20031, then If High School Code = 777777, High School GPA is 7.77.
	VSTE007	If matriculation date is equal to or greater than 20031, then If the High School Code is not null, the High School GPA must be between 0.00 and 4.00. (Exclude Georgia Tech)
	VSTE008	If matriculation date is equal to or greater than 20031, then If the High School Code is not null, the High School GPA must be between 0.00 and 4.50. (Georgia Tech only)
	VSTE009	If matriculation date is equal to or greater than 20031, then High School GPA values must be numeric when present.
	VSTE010	If matriculation date is equal to or greater than 20031, then If High School Code is null, High School GPA must be null.
	VSTE011	If matriculation date is equal to or greater than 20031, then If Admit Type is ''FR'' Traditional Freshman (but the High School Code does not equal ''NNNNNN'' and High School diploma Type does not equal ''HS'' or "GD"), the High School GPA cannot be null.
	VSTE012	If matriculation date is equal to or greater than 20031, then High School GPA should be null for GED students (High School Diploma is GD).

Change History

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20102		Edits were changed as of Spring 2009, to reflect that High School GPAs up to 4.50 are now allowed.
20191	Mar 16, 2018 12:00:00 AM	VSTE007 has been modified to evaluate the first two decimal places and not the entire GPA effective Mid-Term 20191.
20191	Mar 16, 2018 12:00:00 AM	VSTE008 has been modified to evaluate the first two decimal places and not the entire GPA effective Mid-Term 20191.
20102		Before Fall 2000, the following missing data codes were used: 444 For home school students. This code was added in Summer 1997. 777 For auditors for whom institution has waived requirement of high school diploma. Note that this field may have been misused during FY00 to indicate a Presidential Exception for admissions purposes. 888 For GED students. 999 For foreign students or students from ungraded high schools.
20204	Mar 31, 2020 12:00:00 AM	March Bundle: Updated GUI Name and Label fields to replace ZOAHSCD with SOAHSCH.
20191	Mar 16, 2018 12:00:00 AM	VSTE003 has been modified to evaluate the first two decimal places and not the entire GPA effective Mid-Term 20191.
20162		For students completing a RHSC curriculum, this average should include only the subset of the 16 RHSC courses taken in high school at the time of admission. Students graduating high school prior to 2012 are only required to have the 16 units. Starting in 2012, students are required to have 17 units.
20162		Deleted the following line of text: For students admitted to two-year colleges with a tech/prep [check policy] curriculum, include the 13 units of the DOE tech-prep core in English, math, science, and social science.
20191	Mar 16, 2018 12:00:00 AM	VSTE002 has been modified to evaluate the first two decimal places and not the entire GPA effective Mid-Term 20191.

Business Practices

Admit Type will be used in conjunction with other data elements for reporting. To ensure accuracy in reporting this element, it is recommended that you become familiar with the related data elements, translation table and edits. Admit Type must be translated on SOAXREF. The cross-reference label - RGTADMT (Regents Admit) must be entered on STVXLBL. The "Dual Enrollment Business Process" is located in the Business Processes section of the GeorgiaBEST website.
https://www.usg.edu/georgia_best/busproc_docs/DualEnrollment_business_practice_July2018_revised.pdf
Two special codes were used for admission for Hurricane Katrina students. FD was used for freshman admissions; TD for transfer. These codes should no longer be used after matriculation date of 20122.

From the IPEDS instructions for reporting:

Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.

Nonresident alien - A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE - Nonresident aliens are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories.

County of Origin at Matriculation STE020

Category	Academic / Student / Student Term Enrollment / STE020
Description	The county of residence in which the student legally resided at the time of matriculation to the institution as an Undergr aduate, Graduate, or First Professional student. For most students, this information is collected at the time of application and is not later updated.
Data Type	A
Length	3
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices	This element can change only when a student matriculates into a different level (e.g., from Undergraduate to Graduate student level, from Undergraduate to First Professional, or from Graduate to First Professional level; see Student Level

element for definition of levels).

The County of Origin is linked to State of Origin. If the State of Origin is Georgia, the County of Origin at Matriculation must be a valid Georgia county code (001 - 159). If the State of Origin is not Georgia, then the County of Origin at Matriculation must be 999 for Out-of-State or 888 for Out-of-Country.

Validation Rules

Description	Code identifying the high school that a student currently attends or last attended
Data Type	A/N
Length	6
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Institutions have two options: use the correct code in Banner or translate the code using the FICE and High School Code Translation System.

Refer to the most current edition of School Code List (published annually by The College Entrance Examination Board).

Beginning Summer 2002, use a valid high school code for an out-of-state high school. These will be posted on a USG Web site.

Temporary codes will be assigned for: Georgia high schools without a CEEB code; Georgia high schools which no longer exist and do not have a CEEB code; out-of-state high schools without a CEEB code; and for international high schools without a CEEB code.

Use NNNNNN for a student who never attended a high school.

Beginning Summer 2002, institutions are required to verify new and unfamiliar high codes against the FICE and High School Code Translation System to ensure the most current high school codes are reported.
https://www.usg.edu/data_services/fice_hs
For documentation on the FICE and High School Code Translation System, go to the links provided.
https://www.usg.edu/data_services/assets/data_services/documents/FICE_HS_Code_Translation_Institution_User_Guide_20150803.pdf
This field may be blank for transfers, graduate, and professional students.

USG Cumulative Credit Hours Earned STE038

Category	Academic / Student / Student Term Enrollment / STE038
Description	The number of credit hours earned at your institution for calculation of a standard System cumulative GPA. Excludes institutional credit hours earned and transfer credit hours earned. This field uses a consistent definition of hours earned across the System. This field is not affected by varying institutional rules on renewal or repeat of courses. This may not be consistent with hours calculated by the institution for institutional use. The hours reported in this field are not equivalent to HOPE hours earned.
Data Type	N
Length	6
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y				

Business Practices

Do not include advanced standing hours (AP, CLEP, and IB).

For graduate students, do not include work attempted while the student was classified as an undergraduate. Exclude institutional and transfer credit hours. As of Summer 2002, this field does not include advanced standing hours.

Institutional Cumulative GPA

STE039

Category	Academic / Student / Student Term Enrollment / STE039
Description	The result obtained by dividing the total number of college-level credit hours attempted at your institution into the total number of college-level quality points earned at your institution. This GPA definition varies across the System, and it reflects varying institutional repeat policies.
Data Type	N
Length	12
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
		Y				

Business Practices

This GPA is based on the hours reported in Institutional Cumulative Credit Hours Attempted.

This GPA appears on the student's transcript.

Grades that do not have quality points (e.g. S/U or P/F grades) should not be included in the institutional cumulative GPA. To exclude these grades the count in the GPA box on SHAGRDE should be left blank.

For graduate students, do not include work attempted and earned while the student was classified as an undergraduate.

Exclude institutional credit (such as learning support).

'0.00 is not equal to leaving the field null.

Validation Rules

Status: Active

Severity	Code	Description
Error	VSTE146	Institutional Cumulative GPA must be in the range 0.00 - 4.00 (if not null). (Excludes Georgia State and the University of Georgia)

Learning Support Requirement Indicator - English

STE048

Category	Academic / Student / Student Term Enrollment / STE048
Description	An indication of the status of the student in regard to the Learning Support requirements for English 1101 at time of first matriculation.
Data Type	A
Length	1
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Prior to Fall 2019: If a student has a System or institutional requirement, this field should retain that value after matriculation; the requirement code for students would remain fixed thereafter as S or I. Enrollment Indicator - English would denote the student's progress in meeting exit requirements.

The code for students coded S or I at initial entry should not be changed if the student later volunteers to enroll in Learning Support. Students volunteering for Learning Support should be reported only for the semester(s) during which they were enrolled.

Beginning Fall 2019: Learning Support Requirement System and Institution indicators will be automatically populated on the Georgia Requirements page (ZOAGARP) after running the Corequisite Learning Support Status process (ZORCLSP). The ADC extraction will automatically denote students as Volunteers if they do not have a System or Institution requirement but are enrolled in English 0999.

The policy for Learning Support is located in section 2.9 of the University System of Georgia Academic and Students Affairs Handbook.

20201	Jun 13, 2019 12:00:00 AM	In Summer 2019, this data element description was edited. U was removed from the valid values. These business rules were added - VSTE297, VSTE298, and VSTE299. These business rules were updated - VSTE172, VSTE173.
19984		In Spring 1998, COMPASS was added as equivalent to CPE.

Learning Support Requirement Indicator - Math 1 STE049

Category	Academic / Student / Student Term Enrollment / STE049
Description	An indication of the status of the student in regard to the Learning Support requirements for MATH 1111 at time of first matriculation.
Data Type	A
Length	1
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Prior to Fall 2019: If a student has a System or Institutional requirement, this field should retain that value after matriculation; the requirement code for students would remain fixed thereafter as S or I. Enrollment Indicator - Math 1 would denote a student's progress in meeting exit requirements.

The code for students coded S or I at initial entry should not be changed if the student later volunteers to enroll in Learning Support for MATH 1111. A student volunteering for Learning Support MATH 1111 should be reported only for the semester(s) during which they were enrolled.

Beginning Fall 2019: Learning Support Requirement System and Institution indicators will be automatically populated on the Georgia Requirements page (ZOAGARP) after running the Corequisite Learning Support Status process (ZORCLSP). The ADC extraction will automatically denote students as Volunteers if they do not have a System or Institution requirement but are enrolled in Math 0997, 0998, or 0999.

The policy for Learning Support is located in section 2.9 of the University System of Georgia Academic and Students Affairs Handbook.
https://www.usg.edu/academic_affairs_handbook/section2/C769
Learning Support Requirement Indicator code S - Learning Support Current Enrollment Indicator must be Y, N, or C

Learning Support Requirement Indicator code I - Learning Support Current Enrollment Indicator must be Y, N, or C.

Learning Support Requirement Indicator code V - Learning Support Current Enrollment Indicator must be Y.

Learning Support Requirement Indicator code Blank - Learning Support Current Enrollment Indicator must be Blank.

Matriculation Year and Term STE051

Category	Academic / Student / Student Term Enrollment / STE051
Description	The fiscal year and term in which the student first enrolled at the institution as an Undergraduate, Graduate, or First Prof essional student.
Data Type	N
Length	5
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

This code must change when a student changes from an undergraduate to graduate or professional level.

This code must be changed when a joint enrolled or transient student becomes an undergraduate student for the first time. For example, for a student who first enrolled as a freshman in Fall Semester 2000 (coded as 20012), graduated with a baccalaureate degree in 2005, and then enrolled as a graduate student in Fall Term 2005, use a new code for the record on that student in the Fall 2005 report.

Validation Rules

Status: Active

Severity	Code	Description
Error	VSTE181	Matriculation Year and Term must not be NULL.
	VSTE182	Matriculation Year and Term must be equal to or less than the current year and term.
	VSTE183	Matriculation Year must be greater than 1900.
	VSTE184	Before Summer 1998, 1, 2, 3, and 4 can be a valid term code for Matriculation Term.
	VSTE185	Matriculation Term must equal 1, 2, or 4 (Summer 1998 forward).
	VSTE186	After Summer 1999, only 1, 2, 4 are valid term for Matriculation Year and Term for GA Tech.
	VSTE331	Matriculation Year and Term must be a valid academic term.

Length	1
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

The question from which race is derived should present the categories of race in order of numerical frequency in the Georgia population, rather than alphabetically, in the following order: White, Black or African-American, Asian, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander. Federal research has found that following alphabetical order in the question categories results in substantial over reporting of the category "American Indian or Alaska Native".
http://www.usg.edu/georgia_best/busproc_docs/Race_and_Ethnicity_BP_UserDoc.pdf
The "Race and Ethnicity Business Process" is located in the Business Processes section of the GeorgiaBEST website.

This is self-reported data. The following abbreviated name may be used in text for this category: American Indian (instead of American Indian or Alaska Native); Black (instead of Black or African American); and Pacific Islander

(instead of Native Hawaiian or Other Pacific Islander).

If more than one race code is entered in the Race block, the student will be reported in categories such as Two or more races,Three or more races, etc., or the category name will consist of the combination of races involved such as Asian and Black or African American.

Null will be reported as Unknown/undeclared.

Legacy Element ID

Derived from S103

Change History

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20101		Until Summer 2009, ethnicity as Hispanic/Latino was a category of Race/Ethnicity. In Summer 2009, race and ethnicity were separated into two fields. In addition, changes were made to the categories of race. Before Summer 2009, Pacific Islanders were included in the same category as Asian students; in Summer 2009, Pacific Islanders were counted in a new category with Native Hawaiian students. The categories, 'Multicultural' and 'Unknown/Undeclared' will not exist as of Summer 2009. This field is derived from SIRS Element S103.
20214	Feb 4, 2021 12:00:00 AM	Corrected data element source fields

Ethnicity STE065

Category	Academic / Student / Student Term Enrollment / STE065
Description	Ethnicity is a code describing whether or not a student is Hispanic or Latino. A Hispanic or Latino individual is one who is of Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race. Ethni city refers to the heritage, nationality, lineage, or country with which a person identifies. People who identify themselves as Hispanic or Latino may be of any race.

Business Practices

On documents such as applications for admission, the ethnicity question should only include two options: Hispanic or Latino or Not Hispanic or Latino. Unknown should not be a response option.
http://www.usg.edu/georgia_best/busproc_docs/Race_and_Ethnicity_BP_UserDoc.pdf
This is self-reported data. The following abbreviated name may be used in text: Hispanic (instead of Hispanic or Latino). A student should have a value on both the Ethnicity element and the Race element. For some reports, combinations of race and ethnicity will be reported (for example: white, non-Hispanic; black, Hispanic; etc.)

Null will be reported as Unknown/undeclared.

The "Race and Ethnicity Business Process" is located in the Business Processes section of the GeorgiaBEST website.

	20214	Feb 4, 2021 12:00:00 AM	Corrected data element source fields
	20101		Until Summer 2009, ethnicity as Hispanic/Latino was a category of the Race/Ethnicity data element. In Summer 2009, race and ethnicity were separated into two fields. In addition, changes were made to the categories of race. Before Summer 2009, Pacific Islanders were included in the same category as Asian students; in Summer 2009, Pacific Islanders were counted in a new category with Native Hawaiian students. The categories, 'Multicultural' and 'Unknown/undeclared' will not exist as of Summer 2009. This field is derived from SIRS Element S103.

Regents' Test Pass/Fail Status - Essay STE066

Category	Academic / Student / Student Term Enrollment / STE066
Description	Indicator of whether the student has taken and passed the essay part of the Regents' Test.
Data Type	A
Length	1
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Effective Summer 2008, students who have ACT scores from a national administration of the ACT at the following levels may be classified as meeting the Regents' Skills Requirement in writing.

Validation Rules

Status: Inactive

Severity	Code	Description
Error	VSTE215	The Regents' Test Pass/Fail Status - Essay must be equal to C, P, F, M, S, D, A, B, W, T, X, Y, Z, R, J, K or blank.

Valid Values

Code	Description
A	Student has met the requirement with a score of at least 3 on the College Board AP examination in English Literature and Composition or English Language and Composition
B	Student has met the requirement with a score of at least 4 on the higher-level International Baccalaureate English examination
D	Indicates the student holds a baccalaureate or higher degree from a regionally accredited institution of higher education and thus is not required to complete the Regents' Test in order to receive a degree from a University System institution.
F	Failed essay
J	Indicates the student earned a score of at least 24 on the ACT Combined English/Writing exam
K	Indicates the student earned a score of at least 22 on the ACT Combined English/Writing for students who also earned an ACT Reading score of at least 23.
M	Local procedures have been used to certify competence for a student whose native language is not English
P	Passed Essay
R	Student has met the requirement with a score of at least 500 on the SAT Reasoning, Writing Section as well as a score of at least 510 on the SAT Reasoning, Critical Reading Section. (Must be a score from a national test administration).
S	Local procedures have been used to certify competence for a student with a visual, hearing, or motor impairment

Code	Description
T	Student has transcript from USG institution indicating Regents' Test Essay requirement has been satisfied
U	Exam not taken
W	Student has met the requirement with a score of at least 650 on the SAT II English Writing test
X	Student has met the requirement with a minimum score SAT I Verbal or ACT in combination with minimum grades in English 1101
Y	Student has met the requirement with a score of at least 560 on the SAT Reasoning, Writing Section Test. (Must be a score from a national test administration.)
Z	Institutional Exemption

ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
20214	Feb 4, 2021 12:00:00 AM	Corrected data element source fields
19992		In Fall 1998, 'quarter' changed to 'semester'.
19984		In Spring 1998, the definition was changed to include 'for the current term' and 'for tuition purposes', and the note was deleted specifying that this element would equal State of Legal Residence at Matriculation in the term of matriculation.

State of Origin STE073

Category	Academic / Student / Student Term Enrollment / STE073
Description	The state of legal residence at the time of first matriculation to the institution as an Undergraduate, Graduate, or First Pr ofessional student.
Data Type	A
Length	2
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

For most students, this information is collected at time of application and is not later updated. This field is used to record the student's state of origin. It is not used to provide data on residency for fee-paying purposes. (Use State of Current Legal Residence for that purpose). State code 'ZZ' can be used for International Students. ZZ = Foreign Student not State (international).

This element can change only when a student matriculates into a different general level (e.g., from Undergraduate to Graduate student level, from Undergraduate to First Professional or from Graduate to First Professional level; see Student Level element for definition of levels).

Validation Rules

Status: Active

Severity	Code	Description
Error	VSTE221	State of Origin must be a valid code except for citizenship status codes of A.

Change History	ACADEMIC_TERM	CHANGE_DATE	CHANGE_NOTES
	19983		In Winter 1998, 'degree' in Code 51 was further specified to mean 'bachelor's degree. In Summer 1998, Code 05, vocational-technical student enrolled in vocational-technical programs under contract with the Georgia Department of Technical and Adult Education, was dropped. In Fall 1998, the equivalent number of SCHs was changed from QCHs: Code 10, 0-44 changed to 0-29; Code 20, 45-89 changed to 30-59 and 45 changed to 30; Code 30, 90-134 changed to 60-89; Code 40, 135 to 90. In Summer 2000, Code 81, for First Professional B student enrolled in Forest Resources, Pharmacy (at Bachelor's level), Journalism, or Social Work (beyond sophomore level), at University of Georgia only, was dropped.
	20031		In Summer 2002, the student level "70 Graduate" was replaced with 72, 74, and 76.
	20092		09/2008 added DE to Student Level 11
	20214	Feb 4, 2021 12:00:00 AM	Corrected data element source fields
	20142	Dec 4, 2013 12:00:00 AM	Student Level Must be Present
	20102		10/2009 added Post-Baccalaureate student level codes 54 and 58

Student Level Indicator STE079

Learning Support Requirement Indicator - Math 2 STE100

Category	Academic / Student / Student Term Enrollment / STE100
Description	An indication of the status of the student in regard to the Learning Support requirements for MATH 1001/1101 at time o f first matriculation.
Data Type	A
Length	1
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices	Beginning Fall 2019: Learning Support requirement information will be automatically populated on the Georgia Requirements page (ZOAGARP) after running the Corequisite Learning Support Status process (ZORCLSP).

If a student has a System or Institutional requirement this field should retain that value after matriculation; the requirement code for students would remain fixed thereafter as S or I. Enrollment Indicator would denote a student's progress in meeting exit requirements.

The code for students coded S or I at initial entry should not be changed if the student later volunteers to enroll in Learning Support for MATH 1001/1101. Student volunteering for Learning Support for MATH 1001/1101 should be reported only for the semester(s) during which they were enrolled.

The policy for Learning Support is located in section 2.9 of the University System of Georgia Academic and Student Affairs Handbook.
https://www.usg.edu/academic_affairs_handbook/section2/C769

Validation Rules

Status: Active

Severity	Code	Description
Error	VSTE303	For students matriculating Fall 2019 and forward, if student level is 10, 20, 30, 40, then Learning Support Requirement Indicator - Math 2 must not be null.
	VSTE304	For students matriculating Fall 2019 and forward, if Learning Support Program Current Enrollment Indicator - Math 2 is X, then the Learning Support Requirement Indicator - Math 2 must be X.
	VSTE305	For students matriculating Fall 2019 and forward, Learning Support Requirement Indicator - Math 2 must be a valid value.

Valid Values

Code	Description
I	Student required to take Learning Support courses due to Institutional requirements
S	Student required to take Learning Support courses due to University System requirements
U	No requirement in this area
V	Student elected to enroll in Learning Support courses
X	Exempt from Learning Support

Advanced Standing Hours - Professional Certification

STE102

Category	Academic / Student / Student Term Enrollment / STE102
Description	The number of credit hours accepted from Professional Certification.
Data Type	N
Length	6
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Credit hours accepted through Professional Certification must be recorded through transfer articulation using the appropriate institution codes.

These data elements will be populated from data entered on SHATRNS and SHATAEQ.

To be sure the information is pulled correctly for advanced standing hours the following program code should be used for Professional Certification: '999908'.

Do not use your institution code on SHATRNS. If the student earned credit by Professional Certification while enrolled use 999908 as the institution code to record this credit on SHATRNS.

Advanced Standing Hours - ACE Military Credit: Department of Defense STE108

Category

Academic / Student / Student Term Enrollment / STE108

Description

Credit hours accepted through Department of Defense courses from military transcript or course credit given for active duty assignments though ACE.

Data Type

N

Length

6

Format

X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

Credit hours accepted through external testing or as advance standing examinations must be recorded through transfer articulation using the appropriate institution codes.

These data elements will be populated from data entered on SHATRNS.

To be sure the information is pulled correctly for Advanced Standing hours the following program code should be used

for ACE Military Credit: Department of Defense: '9999DD'.

Do not use your institution code on SHATRNS. If ACE Military Credit: Department of Defense is accepted while a student is enrolled use 9999DD as the institution code to record this credit on SHATRNS

High School Graduation Date

STE111

Category

Academic / Student / Student Term Enrollment / STE111

Description

The date (month, day and year) the student received a high school diploma or its equivalent.

Data Type

D

Length

8

Format

MMDDYYYY

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

For students who have not graduated from high school, code as follows:

For GED students, use the date the student would have graduated from high school.

For joint enrollment and early admission students, use the anticipated date of graduation.

If date of high school graduation is unknown for students who have been out of high school more than five years, estimate a date.

For home school students, use the date of home school completion.

This field should be blank for graduate and professional students. It may be blank for transfer students.

Note: Please see High School Graduation Year (STE032) for additional validations on the High School Graduation Date.

Student Transfer

Transfer College - Prior College Attended STE901

Category	Academic / Student / Student Transfer / STE901
Description	The most previous institution attended prior to the first matriculation date at the present institution whether admitted a s a transfer student or not.
Data Type	N
Length	6
Format	X
Collection Period	

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

For students matriculating Summer 2002 and beyond, transfer information will no longer be pulled from SOAPCOL. Prior college information on all prior colleges attended is required for transfer students.
See Transfer Articulation documentation and FAQs at the link provided.
https://www.usg.edu/georgia_best/application_development_and_support/business_processes/transfer_articulation_business_processes
To ensure that the most current college codes are reported, institutions are required to verify new and unfamiliar college codes against the FICE and High School Code Translation System.
https://www.usg.edu/data_services/fice_hs
For documentation on the FICE and High School Code Translation System, go to the link provided.
If an institution maintains the correct codes on the Source/Background Institution Code Validation Form (STVSBGI) in Banner, then the institution does not need to translate codes. However, if an institution does not use USO standardized codes in Banner, then it must translate its codes with this system. Institutions have two options: use the correct code in Banner or translate the code using the FICE and High School Code Translation System.
https://www.usg.edu/assets/data_services/documents/FICE_HS_Code_Translation_Institution_User_Guide_20150803.pdf
For undergraduate students, enter the most previous institution attended.

For student level 51, enter the institution which awarded the previous college degree.

For all non-system Georgia institutions, including technical institutions, enter the FICE code beginning Summer 2002.

For all out-of-state institutions, use the FICE code. Leave blank for students with no previous college. Beginning Summer 2002, enter for graduate and professional students only if they are transferring as a graduate or professional level student. Do not use this field to indicate the institution that granted a previous degree. Previous degree information will be collected in ADM via
Graduate/Professional Students' Degree Type at Previous Institution
and Graduate/Professional Students' Institution Awarding Previous Degree.

Validation Rules	**Status: Active**

Severity	Code	Description
Error	VSTE203	All Colleges Attended must be a valid FICE code or translated to RGTLOC. Please contact the FICE administrator by submitting a Ticket to helpdesk@usg.edu

Fee Classification Code (Tuition and Fee Waivers) SWC001

Category	Academic / Student / Student Waiver Code / SWC001
Description	Code (EDI value) identifying the type of fee transaction applied to students' transactions. Code also identifies the type of tuition or fee waiver a student receives.
Data Type	A
Length	5
Format	X

Collection Period

Current		Following				
Mid-term	End of Term	Mid-term	End of Term	Annual	Monthly	Other
Y	Y					

Business Practices

The detail code must be translated on SOAXREF (table name-SORXREF) using the label code RGTDETC for non-standard Regents' detail codes. Each transaction applied to the student's account will need to be collected to determine if the transaction is valid or if the transaction has been canceled. Fee waivers will not be extracted if the codes are not translated. Additional information concerning the Board of Regents' policies for fee waivers is available here:
https://www.usg.edu/policymanual/section7/C453/#p7.3.4_out-of-state_tuition_waivers_and_waivers_of_mandatory_fees

Validation Rules

Status: Active

Severity	Code	Description
Error	VSWC001	A senior citizen waiver (WISC) can only exist for a Georgia resident.
	VSWC003	Waivers must be one of the BOR valid values
	VSWC004	A Border State Waiver (WBSR) can only exist for Student Level Indicator of US.

Status: Inactive

Severity	Code	Description
Error	VSWC002	A Move on When Ready waiver (WMWR) can only exist for a Georgia resident.

Valid Values

F - Waiver

Code	Description
WDEF	Dual Enrollment Fee Waiver
WSIF	Special Institutional Fee
WVET	Veteran Waiver

I - INSURA

Code	Description
SHIP	Student Health Insurance Payment
SHIW	Student Health Insurance Waiver

W - Waiver

Code	Description
ISRA	Resident Assistant
WACF	Presidential-Academic Full (Superior Out-of-State)
WACP	Presidential-Academic Partial (Superior Out-of-State)
WAOC	Reciprocal - Academic Common Market

Code	Description
WATF	Presidential-Athletic Full (Superior Out-of-State)
WATP	Presidential-Athletic Partial (Superior Out-of-State)
WBCR	Border County Residents
WBSR	Border State Residents
WCCO	Economic Development-Career Consular Officers, Spouse, Child
WCED	Economic Development-Competitive Economic Develop Projects
WDEB	Dual Enrollment Book Waiver
WDET	Dual Enrollment Tuition Waiver
WDEX	Reciprocal - Direct Exchange Program Students
WEMD	Employee-Full Time USG Employee, Spouse, and Dep Children
WFMG	Economic Development-Econ Adv Emp, Spouses, and Dep Child
WFMT	Military - Waiver of Fees for Military Tuition Assistance
WFTE	Employee-FT Pub School and TCSG Emp, Spouse, Dep Children
WFTM	Employee - Teachers Employed Full Time on Military Bases
WGBC	Economic Development-GA Based Corp or Org Contracted w/BOR
WIGA	Graduate Assistant
WINF	Presidential-International Full
WINP	Presidential-International Partial
WISC	Senior Citizen
WITR	Tuition Remission Waivers
WMDI	Medical/Dental Residents and Interns at Augusta University
WMIL	Military - Military Personnel, Spouses, and Dep Children
WNGM	Military - GA Nat Guard, US Mil Reserv, Spouses, Dep Child
WNRS	Non-Resident Students
WOGA	Research, Teaching, or Graduate Assistant
WRGS	Research and Comprehensive Univ Graduate Students
WRSM	Military - Recent Separated Military, Spouses, and Dep Child
WSTA	Reciprocal - Study Abroad Program Students
WVRS	Economic Development-Vocational Rehabilitation Student

20031		Beginning in October 2002, GRE was changed to include Verbal Reasoning, Quantitative Reasoning, and Analytical Writing. The 'new' Analytical Writing is similar to the Writing Assessment test in use since 1999. The Analytic test used before October 2002 and reported in this element (GR03) is no longer a part of the General Test.

LSAT Test Score STR050

Category

Academic / Student / Test Results / STR050

Description

The score made by the student on the Law School Admission Test (LSAT). This field is applicable only to University of Ge orgia and Georgia State University students who are entering Law School and whose admission, in part, is based on LSAT scores.

Data Type

N

Business Practices

2012 Forward:

Only pulled for students with student level code 'US'.

1981 - 2005

Required for all students matriculating from high school, GED, or from home schools who are not being admitted as non-traditional students. Report if available for all students, regardless of student level or admissions type. Do not remove SAT scores from records of returning students. All scores must be reentered after Summer 1996. Do not convert ACT scores to SAT scores (report ACT scores in ACT fields).

2005 Forward:

Report for all first-time undergraduates matriculating from High School, GED, or from home schools who are not admitted as non-traditional students or transfers (more than 30 hours).

Report if available for all students, regardless of student level or admissions type.

Do not include for graduate or professional students.

If the SAT Reasoning Test score is reported for Critical Reading, report the SAT Writing Essay score and SAT Writing Multiple Choice as well.

Do not remove SAT scores from records of returning students.

Do not convert ACT scores to SAT scores (report ACT scores in ACT fields).

Do not report scores taken before Spring 2005 for SAT I Verbal in Critical Reading field.
