Dear Jane,

As you prepare for another year of Medicare coverage, it's a perfect time to review your insurance needs. If you want to make any changes for next year, this is your opportunity.

**Here's the good news:** If your current coverage is meeting your needs and you're satisfied with your plan, there's nothing you need to do.

But you also have options in premiums and choice of plans. When you use our online recommendation tool, you can compare benefits and review options customized to you, from names you know and trust.

### Help is at your fingertips

The Aon website, [retiree.aon.com](http://retiree.aon.com), is a helpful, objective resource that allows a side-by-side comparison of plans from a variety of insurance companies. When you enter your personal health details, including prescriptions and doctors you see, you'll get a list of plan recommendations that best match your requirements.

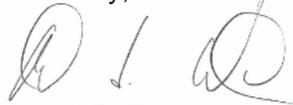

### Get complete health care coverage

Whether you choose to keep your plan or select a new one, get the coverage you need at Aon. Enter your personal ID, [Aon ID], to check out recommended plans online at [retiree.aon.com](http://retiree.aon.com).

University System of Georgia will contribute **\$2,736** toward medical and/or prescription drug coverage. Your HRA funds are only available when you enroll through Aon.

Trust Aon to make it easier for you to enroll in the right health care plan for your personal needs.

Sincerely,

André D. Walton  
Senior Director, Sales and Service
