

USG Accident plan: New for 2017

Most of us have experienced an accident that prompted medical attention at least once in our lives. In these situations, your injuries may keep you from performing normal activities. Then there are medical costs, on top of your everyday expenses.

How will you cover unexpected expenses?

The USG Accident plan, offered by Voya Financial, provides you and your family with hospital, physician, accidental death and catastrophic accident benefits in the event of a covered accident, whether the accident happens on or off the job. This coverage can help you with the financial impact of an accident by helping to offset out-of-pocket costs, such as deductibles and copayments, not paid by your healthcare plan.

The amounts paid depend on the type of injury and care received. This plan is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.
