

Daphene Blackmon
Project Director

What is GATRACS?

- The project objective is to improve information on articulation opportunities and course transferability in the State of Georgia. We want to remove the barriers and create a one stop information site where students can find information on how to transfer.

GATRACS Partners

- University System of Georgia
- Technical College System of Georgia
- Georgia Department of Education
- Georgia Student Finance Commission

Year 1 Goals

- All institutions will have implemented the transfer articulation module in Banner
- Decision Academic will have Transfer Navigator application set up to manage courses, transfer equivalencies, grade scales, terms, and institutions that are part of the USG and TCSG
- Decision Academic will have Transfer Navigator student wizard set up to allow students to search for and self-declare Academic History, find transfer equivalencies, compare results for 1 to 2 schools simultaneously
- **Access to Transfer Navigator from within GACollege411 portal, including SSO/rSSO and a landing page at the hosted site will be established**
- **Import of dual enrollment (ACCEL) transfer agreements (High School to College) to the Transfer Navigator database will be established**
- Decision Academic will have the reporting module set up

Year 2 Goals

- **Students who self declare academic history will be able to push the transfer equivalencies they discover in Transfer Navigator to an institution's DegreeWorks system for an audit of transfer equivalencies against a specific program.**
- Institutions will establish batch updates of transfer data from institutional systems to Transfer Navigator
- Decision Academic will establish a workflow approval process to bring high school dual credit courses through an automated approval process and into Transfer Navigator (currently pushed manually through a complex process, approved, and then maintained in a spreadsheet).

Transfer Navigator

1: Build 2: Confirm **3: Evaluate** 4: Audit 5: Submit

Below is a list of transfer equivalences offered by participating universities based on the courses in your Academic History. For each equivalence Transfer Navigator has determined whether or not you have met its requirements. Click the status icon of an equivalence to view details about the evaluation of that equivalence.

Transfer Students - Planning Your Successful College Transfer

This Transfer Equivalence Report is based upon the prescribed articulation agreements between the 26 technical colleges and the 35 USG institutions, as well as the ACCEL program for dual-enrolled students. For further information on how to apply to a USG institution and receive credit for this coursework, please call (nnn) nnn-nnnn or send an email to xxx@xxx.xx

Decision Academic University

Degree Navigator is an advising tool designed to help students make informed decisions regarding their academic progress, however, students are strongly encouraged to meet with an adviser to obtain clarification of their degree requirements. Your Degree Navigator report will help you to forecast degree completion and is intended for planning purposes only. The Degree Navigator report is not an official transcript of your academic record, nor does it constitute a contract between you and Decision Academic University. Verification of college and degree requirements can only be certified by an academic adviser.
