

**SUBJECT:** Decommissioning of the PeopleSoft Financials 8.9 Individual Databases

**POSTED:** December 22, 2010

---

**ANNOUNCEMENT**

On December 31, 2010, ITS will be decommissioning the PeopleSoft Financials 8.9 individual databases.

We have kept these databases available to this point for two primary reasons:

1. To make the databases available to GAFIRST institutions in support of the fiscal yearend close and auditing activities.
2. To make the databases available to the Department of Audits and Accounts to allow auditors to complete their queries and other audit functions.

Decommissioning these databases will allow resources that are currently utilized in keeping the PeopleSoft Financials 8.9 databases running to be used for other, more essential purposes.

**SUPPORTING DOCUMENTATION**

Decommissioning of individual 8.9 databases was recently discussed in the Wimba session on December 14, 2010. Utilization of these databases has been minimal during our monitoring period of March through September 2010.
