

Announcement

POSTED: July 13, 2009

SUBJECT: BORBATC Processing in Individual Databases

PURPOSE: To notify users at all institutions using Georgia *FIRST* PeopleSoft Financials Version 8.9 that the BORBATC user and the batch processes under the user ID have been inactivated in the individual databases

FUNCTIONAL IMPACT: The BORBATC OPRID, and the BORDAILY, BORDAY3X, and BORDAY5X processes under the BORBATC OPRID have been inactivated in the individual databases to prevent transactions from being mistakenly processed in the those databases.

Any General Ledger or Asset Management processing for FY09 that needs to be done in the individual databases will need to be processed manually, either by online processing or batch processing initiated by the user (with a run control).

SUPPORTING DOCUMENTATION: None.
