Announcement

UPDATE: October 27, 2009

PURPOSE: To notify users at all institutions that the **Expenses Employee Notification** (EX_EMPNOTIFY) process ran to No Success last night, due to users who have more than one OPRID with the same EMPLID. Since having more than one OPRID with the same EMPLID is necessary for some users for other reasons, OIIT will have to modify the EX_EMPNOTIFY process to account for this scenario.

This process has been removed from the BORDAILY schedule so that we can make the development changes necessary to update the process. You will be notified when the updated process has been added back to the BORDAILY schedule.

Note: OIIT will also remove the user navigation to the process, since it will only be run in the BORDAILY schedule once it is updated.

POSTED: October 26, 2009

SUBJECT: Expenses Employee Notification Process

PURPOSE: To notify users at all institutions using GeorgiaFIRST PeopleSoft Financials Version 8.9 that the **Expenses Employee Notification** process will begin running in the BORDAILY schedule tonight.

FUNCTIONAL IMPACT: The **Expenses Employee Notification** process will begin running in the BORDAILY schedule tonight, October 26, 2009. The first time this process runs, it will send e-mail notifications to everyone who received an Expenses payment since the last time the process ran a few weeks ago. The notifications will include the date of the payment, so the user will know that the notification is from a previous payment.
