

GeorgiaFIRST Financials Website

The GeorgiaFIRST Financials website is the central repository for all information regarding PeopleSoft Financials for GeorgiaFIRST institutions. Users can access all of the pages from the GeorgiaFIRST Financials homepage.

The GeorgiaFIRST Financials homepage contains links at the bottom of the page that allow you to navigate to the latest Announcements and Known Issues, as well as related links such as the Business Procedures Manual.

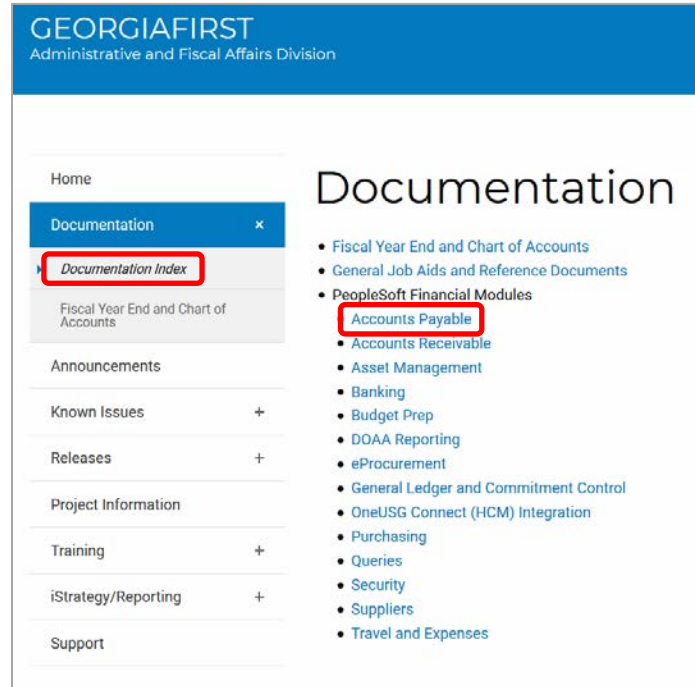

The menu bar on the left side contains links to Documentation, Announcements, Known Issues, Releases, Project Information, Training, iStrategy/Reporting and Support.

The screenshot shows the GeorgiaFIRST Financials website homepage. At the top, there is a blue header with the GeorgiaFIRST logo and the text "Information Technology Services". Below the header, the main heading reads "Delivering Trusted Financial Management Solutions". On the left side, there is a vertical navigation menu with the following items: Home, Documentation (+), Announcements, Known Issues (+), Releases (+), Project Information, Training (+), iStrategy/Reporting (+), and Support. The main content area contains a paragraph about the implementation of PeopleSoft Financials at the University System of Georgia in January 1998. Below this paragraph, there are two sections: "Latest Announcements" and "Latest Known Issues". On the right side, there is a "Subscribe to our mailing list" section with a text box for an email address and a radio button for budget users.

Fiscal Year End and Chart of Accounts

The Fiscal Year End and Chart of Accounts page contains proprietary information and is restricted to University System of Georgia personnel. Users should contact the ITS Helpdesk to obtain a username and password for access to this page. This page is divided between the Chart of Accounts and an accordion with Fiscal Year End Announcements, User's Guides, Mapping documents, and Workshop Presentations. It also contains zips files with previous years' documents.

Fiscal Year End and Chart of Accounts

The Year-End processing and closing of GeorgiaFIRST Financials requires a coordination of effort between PeopleSoft Purchasing, Expenses, Accounts Payable, Payroll, Asset Management, and General Ledger functions and Banner functions to ensure that required tasks are completed in sequence. The current Fiscal Year End documentation, used to facilitate the timely and accurate completion of this process, is categorized into the following sections: Announcements, User's Guides, Mapping, Workshop Presentations, and Mid-Year Workshop Presentations.

Business Processes

Business Processes are in accordions under each module. The accordion contains a Business Process Index that lists all of the processes in that module under the category in which they can be found. The processes themselves are held in zip files with the category name. This accordion also contains a document listing key records and queries for the module.

Announcements

All announcements that are sent to GeorgiaFIRST Financials mailing lists are posted on the Announcements page. Announcements are available in a pdf format. You can view current and archived announcements on this page or module-specific announcements under the Announcements accordion in a particular module.

Known Issues

A Known Issue is generated whenever the PeopleSoft application does not perform in the way it was intended. Information regarding the known issue is sent to GeorgiaFIRST PeopleSoft Financials users via GeorgiaFIRST emails. You can view all posted issues on the Known Issues page of the GeorgiaFIRST website or module-specific issues under the Known Issues accordion in a particular module.

Training

The GeorgiaFIRST website has four training pages: GeorgiaFIRST Training, GeorgiaVIEW Online Training, ePro/GeorgiaFIRST Marketplace Training, and Georgia Summit Presentations:

- The GeorgiaFIRST Training page organizes general training materials, typically designed for new users, into accordion drop-down lists under topic. The materials on this page are not module-specific. For training materials in a specific module, you must go to the module in which you need training.
- GeorgiaVIEW Vista Online Training by GeorgiaFirst allows attendees to receive Continuing Professional Education (CPE) Credits by completing online courses and passing exams.
- ePro and GeorgiaFIRST Marketplace training materials, including videos, user guides and job aids, are organized in accordion drop-down lists under individual user roles (Shopper, Requester, etc.).
- Materials, including PowerPoints and handouts, from GeorgiaFIRST Summit presentations are uploaded onto this page.

Support

Users can access ITS Customer Services and Helpdesk via the Support link on the left menu bar of the GeorgiaFIRST Financials website.
