PURPOSE: To notify users at all institutions using GeorgiaFIRST PeopleSoft Financials Version 8.9 in the consolidated environment of a Known Issue with the GL SpeedType and PO SpeedChart tables in the Query tool.

FUNCTIONAL IMPACT: You will receive no data result set when querying on the following GL SpeedType and PO SpeedChart tables:

- SPEEDTYP_TBL
- SPEED_USER_TBL
- SPEEDCHART_HDR
- SPEEDCHART_DTL

The issue is due to the fact that PeopleSoft has attached Query Security Records (QSR) to these tables.

The Query Security Records are being removed and the revised tables are scheduled to be released in Release 2.02, currently scheduled for September. You will be notified when this update will occur.
