ConsumerEd.com was created by the Governor's Office of Consumer Affairs to help Georgians be more informed consumers by learning to make wise purchasing and financial decisions, knowing their rights, and avoiding becoming victims of scams or deceptive practices in the marketplace.

Consumer Ed walks consumers through major purchasing and financial decisions, such as buying a car, purchasing a house, renting an apartment, dealing with credit and debt, managing money, and avoiding foreclosure. The site also features current consumer news, financial calculators, and the option to join a Consumer Alert email list to receive monthly consumer news.
