Introduction

The method for entry of the Curriculum instructional technology and room usage data was revised and implemented Summer 2006. The revised business practice distributed February 2006 accommodates the collection of technology used for delivering instruction which has evolved since the original data elements for Distance Education were implemented. Revision of the data entry method also afforded the opportunity to move the source location to baseline Banner and decommission the use of Georgia modification forms.

Purpose of Document

This document provides step by step instructions for entry of the Curriculum instructional technology and room usage data based on the Curriculum instructional technology business practice implemented Summer 2006.

Supporting Documentation

Please refer to the business practice document [Curriculum Data Element Modifications for 2006](#) distributed February 2006 for valid codes and additional information concerning the instructional technology policy. The curriculum business practice document is posted as ADM Curriculum DED under the Links section of the Academic Data Mart tab of the USG by the Numbers site.

Set Up Data for Curriculum Instructional Technology

This section contains instructions and pictures of the forms used in the Curriculum Instructional Technology data set up for a Curriculum Instructional Technology. Perform the following steps:

Populate validation tables:

Instructional Delivery Code – Enter ‘Course Section Instructional Method’ codes on the *Instructional Method Validation* form (**GTVINSM**).

Session Schedule Type Code – Verify ‘Schedule Type’ codes are entered on the *Schedule Type Code Validation* form (**STVSCHD**).

External Site Code – Enter ‘External Site’ codes on the *Building Code Validation* form (**STVBLDG**). Enter the campus code ‘Z’ on the *Building Definition* form (**SLABLDG**).

Outside Institution Code – Enter ‘Outside Institution’ codes on the *Site Code Validation* form (**STVSITE**). Verify the Event Type Code is entered on the *Event/Function Type Code Validation* form (**STVETYP**) with the value ‘RUSE’.

Course Section Technology – Verify Course Section Technology codes are entered on the *Schedule Contract Code Validation* form (**STVSCCD**).

Translate non-standard Regents’ codes:

Translate non-standard Regents’ codes for Instructional Delivery, Session Schedule Type, External Site, Outside Institution, and Course Section codes.

Enter cross-reference label codes on the **STVXLBL** form using the label codes listed below.

Translate non-standard Regents’ codes on the **SOAXREF** form using the label codes listed below.

<u>Data Element</u>	<u>Label Code</u>
Instructional Delivery Codes	RGTINSM
Session Schedule Type	RGTSCHD
External Site Codes	RGTBLDG
Outside Institution Site Codes	RGTSITE
Course Section Technology Code	RGTSCCD

Enter instructional technology and room usage data for the term:

Enter data for Instructional Delivery, Session Schedule Type, External Site, Outside Institution, and Course Section codes.

Instructional Delivery Code – Enter the ‘instructional delivery’ code in the Instructional Method column on the *Schedule* form (**SSASECT**).

Session Schedule Type Code – Enter the ‘schedule type’ code in the ‘Schedule Type’ column on the Meeting Time page of the *Schedule* form (**SSASECT**).

External Site Code – Enter the ‘external site’ code in the ‘Building’ column on the Meeting Time page of the *Schedule* form (**SSASECT**).

Outside Institution Code – Enter ‘outside institution’ code and meeting times on the *Event* form (**SLAEVNT**).

Course Section Technology – Enter the course section technology code in the ‘Contract’ column in the Section Contracts block of the *Schedule Detail* form (**SSADETL**).

Instructional Method Validation Form (GTVINSM)
