What is GALILEO?
GALILEO stands for Georgia Library Learning Online, a web-based library providing access to thousands of full-text magazines, journals, encyclopedias, and electronic books.

Why do I need GALILEO?
Everything on the Internet is not free of charge, and GALILEO offers access to information resources that are usually only available on a subscription basis. GALILEO allows you to meet all of your research needs from a single website.

Who has access to GALILEO?
GALILEO is available to every resident of Georgia.

Where can I get GALILEO?
GALILEO is available in participating libraries throughout Georgia, including University System of Georgia institutions, participating private academic colleges and universities, technical colleges, K-12 public schools, and every public library in the state.

Is GALILEO available at home?
You are not required to be in a library to use GALILEO—simply ask your librarian for the password, and you can access Georgia’s Virtual Library remotely from any computer. GALILEO passwords change four times every year.

Who pays for GALILEO?
GALILEO is funded by the Governor and the General Assembly of Georgia for the citizens of Georgia, since 1995.
General Access
Databases

The following list represents a portion of the many licensed databases provided for every GALILEO community:

- ArchivesUSA
- Academic Search Premier
- Book Index with Reviews
- Business Source Premier
- Clinical Pharmacology
- ERIC
