Other legislators in attendance included: Senator Seth Harp of Midland, Representative Calvin Smyre of Columbus, and Representative Tom Rice of Norcross.

REMARKS FROM THE CHAIRMAN

Chairman Richard L. Tucker thanked the Regents for their vote of confidence and support in electing him as their chair and promised to work hard to confirm their support. He took a moment to recognize Regent Allan Vigil who exhibited exceptional leadership in his two years as Board Chair. Regent Vigil took the opportunity to recognize Regent William H. Cleveland who served ably as the Vice Chair of the Board during both of Regent Vigil's terms as chair.

For Chairman Tucker's term the Board will concentrate on the budget situation and do the things that are right for the System and the state. The Chancellor and the Chairman will also work on revising the meeting format to improve productivity and efficiency and allow greater input from the Regents. Chairman Tucker stated that his focus would be primarily on the medical education expansion. He announced Regent James A. Bishop would chair the first Medical Education Expansion Committee. This new committee will address and bring full Board attention to the challenges of providing more healthcare professionals throughout the state and to assist the Athens campus of the Medical College of Georgia. Additionally, as presidential searches are underway, Chairman Tucker stated that there will be two solid presidents at Georgia State University and the Georgia Institute of Technology early on in his term. The Board will accomplish a lot this year, but Chairman Tucker can only do it with the help of the other Regents. In closing, Chairman Tucker said that he is committed to work for the Board as his "second day job" and thanked the Board again for allowing him to be the leader of these great efforts.

Mr. Tallent is originally from Cordele, Georgia and is the newly elected president of Darton's Student Government Association. Chancellor Erroll B. Davis Jr. recognized three newly appointed University System of Georgia presidents, the chairs of the Campus Presidential Search Committees and the members of the Regents' Special Search Committees. They included Columbus State University's ("CSU") president, Timothy S. Mescon, who comes to CSU from his previous position as the distinguished Dean of the Michael J. Coles College of Business at Kennesaw State University, Valdosta State University's ("VSU") president, Patrick J. Schloss, who comes to VSU from his former presidency at Northern State University in South Dakota, and Middle Georgia College's ("MGC") president,

Tori, and the Chief Academic Officer - Dublin Center and Chair of Division of Social Sciences and Education of MGC, Peter B. Makaya.

Following these recognitions, each newly appointed president was given the opportunity to make brief remarks.

STUDENT FREE SPEECH IN THE UNIVERSITY SYSTEM

The Chief Academic Officer & Executive Vice Chancellor for Academic Affairs, Susan Herbst, presented the findings of the University System of Georgia Freedom of Speech Survey. The goal of the project was to ensure that all students and faculty in the University System have the right to speak freely about political and social issues without fear of isolation or retribution both in and out of the classroom. The project was approached three different ways. First, all 35 System institutions posted the American Council on Education Statement on Academic Rights and Responsibility prominently on their websites. This statement underscores the vital importance of free speech and diverse dialogue in higher education and signals that the System cares deeply about the First Amendment and the value of unhindered debate. Second, Dr. Herbst and her staff conducted an extensive review of all student grievance procedures across all campuses to ensure that students, regardless of their politics or type of complaint, have appropriate easy to use channels for their concerns. The third project was the sample survey of University System of Georgia students to investigate their views of free speech on campus. Like all surveys, this one is greatly limited in its scientific value but still provides insight into the campus experience.

The 150 page report of the qualitative and quantitative data from the survey is available through the Office of External Affairs, Media and Publications.

At approximately 2:15 p.m., Chairman Tucker adjourned the Board into regular Committee meetings.

The attendance report was read on Wednesday, August 20, 2008, by the Secretary to the Board, who announced that Regent W. Mansfield Jennings had asked for and been given permission to be absent on that day.

REMARKS FROM THE CHANCELLOR

Chancellor Erroll B. Davis, Jr. congratulated Regent Richard L. Tucker on his election as Board Chair. His remarks to the Board centered on the current economy and probable cuts in the base budgets for Fiscal Year 2009 and 2010. He also emphasized how recent Board actions and System initiatives, such as the Systemwide energy efficiency project and Six-Sigma training, have placed the System in a better position to meet the challenges. The University System's challenge will be to make the structural changes necessary to do more with fewer resources without compromising the quality of the educational experience for all who wish to enroll in its institutions.

COMMITTEE OF THE WHOLE: FINANCE AND BUSINESS OPERATIONS

Under the leadership of Chair Willis J. Potts, Jr., the Committee on Finance and Business Operations met as a Committee of the Whole. Chair Potts introduced the Interim Vice Chancellor for Fiscal Affairs, Usha Ramachandran, who presented the Fiscal Year 2010 budget request in three parts: operating budget, capital budget, and budget reduction plans for 6 percent, 8 percent, and 10 percent. A summary of the items discussed is on file in the Office of Fiscal Affairs.

A motion was made to approve the Fiscal Year 2010 budget request including the operating budget, capital budget, and reduction plans at 6 percent, 8 percent, and 10 percent for Fiscal Year 2009 and Fiscal Year 2010, subject to the Board's line item review by institution to include 3-5 years of historical reference. Further discussion resulted in an agreement that this information would be disseminated to the Regents and individual and small group sessions would be held prior to the October meeting. At the October meeting, the Regents will vote on the actual budget reduction by institution based on line item reviews. After further discussion, the motion passed unanimously. The Committee also approved the Healthcare Plan Premiums for Plan Year 2009.

COMMITTEE OF THE WHOLE: STRATEGIC PLANNING

Under the leadership of Chair Robert F. Hatcher, the Strategic Planning Committee, meeting as a

Committee of the Whole, heard two presentations on Goals Four and Six of the Strategic Plan. The Associate Vice Chancellor for Planning and Implementation, Shelley C. Nickel, introduced each topic and the presenters. A brief summary of those presentations follows.

Prior to the presentation by retiring Vice Chancellor for P-16 Initiatives, Jan Kettlewell, Chancellor Erroll B. Davis, Jr. recognized her tremendous contributions to the University System. Dr. Kettlewell's presentation on Goal 4 of the Strategic Plan, *Strengthening the System's Partnerships with State's Other Education Agencies*, focused on the Early College ("EC") initiative. Early College is a national movement that targets students who are at-risk of not graduating high school and who would be unlikely to enroll in the University System such as the following demographic groups that currently have low participation rates in the System: low income students, minority students, and first generation college students. Early College is located on or near a college campus. Students take secondary-level courses until they become high school juniors. Beginning in their junior year students take some college courses through dual enrollment and earn credit for both high school and college. Hence it is called a blended model of secondary school and first two years of college.

Unlike general dual enrollment programs, which are open to high school students throughout the state, Early College is a special kind of dual enrollment program open only to the targeted groups of students, and only in designated Early College sites. To become an Early College site, a System institution and one or more local school partner to operate the Early College for a designated cohort of students from the partner school districts. Dr. Kettlewell provided further details of the program including a list of the EC sites around the System and statistics related to test scores, and the like before allowing Ms. Courtney Henderson, a 12th grade student at Carver Early College, and Ms. Camille Daniel-Tyson, an Early College leader at Georgia Early College, to make comments on their firsthand experiences with Early College. They were then joined by the University System of Georgia Early College Director, Dawn Cooper, to answer questions.

The Assistant Vice Chancellor for Compliance and Operations, Sandra L. Neuse gave a presentation on Goal Six of the Strategic Plan, *Increase Efficiency, Working as a System*. Her sustainable energy management update outlined three activities being used to meet its challenge of making the System meet best-in-class facilities energy usage levels. These activities include the collection and analysis of baseline usage data, the identification of targets, and the provision of tools and resources to meet the goals.

The committee adjourned at 11:22 a.m.

NEW BUSINESS

Regent James A. Bishop, Chair of the University System of Georgia Foundation, Inc. (“USGFI”) recognized former Regent Patrick S. Pittard for his distinguished service to the Board.

Chair Tucker stated that he did not believe the press of business would make a September meeting of the Board necessary. For that reason, he asked for a motion to authorize Chancellor Davis to take any actions necessary to protect the interests of the Board between the August meeting and the scheduled October meeting on behalf of the Board, with such actions to be ratified by the Board in October. With motion properly made, seconded, and unanimously adopted, the Board approved authorizing the Chancellor to take necessary actions on their behalf prior to the October Board meeting.

The Board appointed Dr. Ralph E. Steuer as the System representative on the Teachers Retirement System of Georgia Board. Dr. Steuer is the Charles S. Sanford, Sr. Chair of Business in the Terry College of Business at the University of Georgia.
