April 20, 2007—Discussion items

1. Virginia Carson opened the meeting by providing an update on the approval of the core curriculum at GGC. Their approved core framework has been sent to SACS, and the Council will look at their courses in Summer 2007. Sandra Stone will send a letter to the presidents and VPAA's requesting consideration for transfer students.
2. Dorothy will clarify Area D on the Council's course submission form—D.1, D.2, etc. She will also add a statement to the form that confirms common course prefixes, numbers and descriptions.
3. There was considerable discussion around the proposed general education curriculum at UGA. The Council wanted to recognize and honor the considerable work that UGA had expended on the revision of general education, and at the same time ensure that students would not have difficulties when transferring. After lengthy debate, the Council agreed to the following:
 - UGA will continue to submit courses for Council approval with Areas A-E designation. This will serve as a cross-walk with the new core, and reaffirms that the System has a common core.
 - UGA will develop its courses using the list of common course prefixes, numbers and descriptions.
 - The new general education curriculum will be published in the undergraduate catalog.
 - Transferability for students will be made transparent.

The Council thanked Virginia Carson for a well-run meeting.
The next meeting is scheduled for July 31 or August 1, 2007.
The meeting adjourned at 12:00 pm.
