MEMORANDUM

Date: 12 April 2019

To: Presidents, University System of Georgia

From: Alan Travis, Assistant Vice Chancellor, Planning and Management

Re: **FY 2020 Major Repair and Rehabilitation (MRR) Funding Request**

Major Repair and Rehabilitation (MRR) funding allows for critical capital reinvestment in campus facilities to ensure a safe and effective learning environment for our students. Thanks to your leadership, we continue to make progress in encumbering available funds and implementing approved projects. Wise and expedient expenditure of this money demonstrates its importance to our academic mission.

Over the next six weeks, please identify your institution's MRR needs in state-owned resident instruction space and associated infrastructure, with projects listed in priority order. The entire list should reflect your institution's projected 3-year MRR need, which helps to inform future MRR budget requests. Since priorities can change over the course of a year, you will be able to update this projection during the FY 2021 MRR cycle.

Instructions and forms for submitting your FY 2020 MRR request will be emailed to your Chief Business and Facilities Officers and can also be downloaded from http://www.usg.edu/facilities/resources/mrr_projects. The [USG MRR Guidelines](#) are also available at that website.

The deadline for submitting your complete MRR request package to Real Estate and Facilities is Friday 24 May 2019. It is important for requests to be submitted on time so the FY2020 MRR funding recommendation can be presented to the Board of Regents in August 2019.

The Real Estate and Facilities staff is available to provide assistance with the development and refinement of your FY2020 MRR request. Please let us know how we can best help you.
