

Response to Notices of Inability

May 4, 2018

The BOR appreciates the Notices of Inability to Participate that were submitted in response to the Request for Qualified Concessionaire (RFQC) issued on April 19, 2018. The feedback and proposed alternatives that were suggested were helpful. As noted in Section 3.3 and 3.4 of the RFQC, these key provisions are a priority for the BOR, and reflect our strong commitment to student affordability and a quality on-campus residential experience for our students. We take the feedback we received seriously, and are conducting further internal discussions and risk/control analyses around possible amendments or clarifications to these provisions.

We will post clarifications, amendments, and/or additional guidance at <https://www.usg.edu/p3> on or before Thursday, May 17, 2018. At that time we anticipate allowing for additional questions to be submitted.

With this notice, we are extending the due date for responses to the RFQC from 2:00 PM on June 1, 2018 to 2:00 PM on June 11, 2018.
