

D&P Maximum Waiver®

We'll do whatever it takes and then some.

Preventive care is the key to good oral health

The D&P Maximum Waiver makes it easy for you to save on your out-of-pocket dental costs.

Delta Dental plans have always emphasized diagnostic and preventive benefits, such as coverage for checkups, so that you keep your mouth healthy and need fewer restorative services.

Your plan includes the D&P Maximum Waiver benefit, allowing you to obtain diagnostic and preventive dental services without those costs applying to the plan year maximum. This benefit promotes good oral health and may reduce the need for more expensive, restorative dental services that can result from undetected oral or related health problems.

Easy to use

The annual maximum is waived for defined diagnostic and preventive services when you visit any licensed dentist. There's nothing for you to keep track of except for your regular checkups. When you need more extensive dental services, there will be more of your annual benefit amount remaining for you to use.

What services are included?

Diagnostic and preventive dental services may include examinations, x-rays, cleanings and related treatments as defined by your dental plan. Review your Evidence of Coverage booklet for specific coverage details.

The following sample shows the impact on your annual maximum with and without the D&P Maximum Waiver. Plan benefits and dentist charges vary. Sample assumes two routine checkups and \$1,000 annual maximum.

Dental treatment	Without D&P Maximum Waiver			With D&P Maximum Waiver

Please review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.
