Although the Delta Dental PPO plan allows you the freedom to visit any licensed dentist, you'll usually save more on your out-of-pocket costs when you visit a Delta Dental PPO dentist.

The Delta Dental Premier[®] network also provides cost-saving features and is the next best option when you can't find a PPO dentist. The dentist you choose determines your cost.

Most potential savings with Delta Dental PPO dentists

- Delta Dental PPO dentists agree to accept Delta Dental PPO contracted fees as full payment.
- You'll usually pay less when you visit a PPO dentist.
- When you visit your dentist, you should ask specifically if he or she is a contracted Delta Dental PPO dentist.

Some savings with Delta Dental Premier dentists

- Premier dentists' contracted fees are usually slightly higher than PPO dentists' contracted fees.
- Premier dentists will not bill you above their contracted fees, so you still receive some cost protections not available with a non-Delta Dental dentist.

No savings with non-Delta Dental dentists

- Non-Delta Dental dentists have no fee agreements with Delta Dental, so you will usually have the highest out-of-pocket costs when you visit a non-Delta Dental dentist.
- You are responsible for the difference between what Delta Dental pays and the dentist's fee.
