BUDGET REDUCTION FOR FISCAL YEAR 2009

The Vice Chancellor for Fiscal Affairs & Treasurer to the Board, Usha Ramachandran, presented the following budget reduction plan to the Board for approval.

1. **Actions to Meet an 8% Budget Reduction for FY 2009**

The Board approved three actions to help institutions meet an 8% budget reduction for Fiscal Year 2009. The Board reduced the employer contribution rate for the PPO and HMO health insurance plans from 75% to 70% effective January 2009. The Board waived its policy 704.021 on mandatory student fees solely for the purpose of the next action. The Board authorized a temporary, mandatory fee for all students in the amounts of $100 per semester at the research universities, $75 at the comprehensive universities, and $50 at the access institutions, effective spring semester 2009.

After receiving a briefing from the Vice Chancellor for Fiscal Affairs & Treasurer to the Board, Usha Ramachandran, the Board took the following action:

- **Reduced the employer contribution rate for the PPO and HMO health insurance plans from 75% to 70%**; The employer contribution for the PPO and HMO plans is currently set at 75% for January 2009, with the exception of the High-Deductible Health Plan, which has an employer contribution of 90%, and the indemnity plan, which caps the employer contributions at the level of the PPO plan. To meet the budget reduction target, the employer contribution rate was reduced to 70% for the PPO and HMO plans. The employer contribution for the indemnity plan will mirror
the reduced contribution amount for the PPO plan. The employer share will continue at 90% for the High-Deductible Health Plan. The new rates will be effective in January 2009. This measure is expected to meet approximately $8 million of the reduction for the six-month period in FY 2009. The additional cost to the employees will range from a low of $16.78 per month for individual coverage (Blue Choice HMO plan) to a high of $65.58 per month for family coverage (PPO plan), if the employee elects to stay in the same plan. The additional cost to a retiree with Medicare will range from $12.78 per month for individual coverage (PPO plan) to $31.48 per month for retiree and spouse with Medicare (Kaiser HMO plan). Alternatively, the employee or retiree can select a lower cost health insurance plan such as the High-Deductible Health Plan, when open enrollment is re-opened between December 3 and December 15, 2008. The revised premiums are in Appendix I. (All appendices are on file in the Office of Fiscal Affairs.)

• **Waived Board Policy 704.021, regarding student fees, only for the purpose of the December 2008 special called meeting of the Board of Regents:** Solely for the purpose of instituting a Systemwide temporary, mandatory fee as detailed in the following action, the Board waived policy 704.021, which governs the process for mandatory fee requests.

• **Instituted a Temporary, Mandatory Fee of $100, $75 and $50 per semester for research universities, comprehensive universities and access institutions, respectively:** In accordance with the Board’s commitment to keep education affordable while ensuring academic quality, students will be charged an additional fee for Spring Semester 2009. A per student fee of $100 will be assessed at the research institutions as well as Georgia Southern University, Georgia College & State University, Kennesaw State University, the University of West Georgia and Valdosta State University. This step is expected to meet $20 million of the total reduction of $182 million for Fiscal Year 2009. The normal process for mandatory fee requests begins with institutional steps involving student participation and a request from the President of each institution. This new fee is different in that it is being applied Systemwide to meet institutional budget reductions, and therefore required a waiver of Board policy related to mandatory student fees. (704.021 Mandatory Student Fees).
