11. Demolition of the former Continuing Education Building, Southern Polytechnic State University

The Board declared the former Continuing Education Building, Building U, on the campus of Southern Polytechnic State University (“SPSU”), to be no longer advantageously useful to SPSU or other units of the University System of Georgia, and authorized demolition and removal of this building. The Board also requested that the Governor issue an Executive Order authorizing the demolition and removal of this building from the campus of SPSU.

The Board determined that demolition and removal of this building be subjected to a satisfactory hazardous materials survey and assessment to identify the presence of asbestos-containing materials or other hazardous materials in the building and completion of any associated abatement, management, and/or disposal measures prior to or during demolition to ensure compliance with environmental regulations.

The 10,100 square foot former Continuing Education Building (also known as the Elk’s Lodge Building), constructed in 1955, is a single story steel frame with brick veneer building in poor condition. The SPSU master plan identifies this building for demolition. As required by the Georgia Environmental Policy Act and the appropriate State Stewardship review, the Georgia Historic Preservation Division has reviewed the proposed demolition of the former Continuing Education Building and determined that mitigation is required. SPSU will comply with the proposed mitigation requirements.

The immediate use of the site will be as green space.

The Board adopted the Resolution prepared by the Revenue Division of the Georgia Department of Law covering the issuance of 2012 General Obligation Bonds
(the “G. O. Bonds”) by the State of Georgia through the Georgia State Financing and Investment Commission for use in funding projects for the University System of Georgia.

The Revenue Division of the Georgia Department of Law has prepared on behalf of the Board of Regents a Resolution (Appendix I) to cover the sale of 2012 G. O. Bonds for the following projects:

13. **Naming of the Noonan Courtyard, Christopher W. Klaus Advanced Computing Building, Georgia Institute of Technology**

The Board approved the naming of the Courtyard at the Christopher W. Klaus Advanced Computing Building at the Georgia Institute of Technology, the Noonan Courtyard, in recognition of Thomas E. and Kim P. Noonan.

14. **Acquisition of Real Property, Veterans Memorial Parkway, Statesboro, Georgia Southern University**

The Board authorized the purchase of approximately 104 acres of unimproved real property located at Veterans Memorial Parkway and Lanier Street, Statesboro (the “Parcel”), from the Brannen family d/b/a Brannen Tillman Farms, LLP (the “Brannens”), for a total purchase price of $4,000,000 for the use and benefit of Georgia Southern University (“GSOU”).

In November 2011, the Board authorized the execution of a contract for the purchase of 208 acres of real property from the Brannens in two tracts of approximately 104 acres each, for a purchase price of approximately $4,000,000 each. As reported to the Board in April 2012, acquisition of the initial 104 acres closed in January 2012.

Proposed uses for the real property include campus parking, student housing, athletic fields and facilities, and academic and other uses.

Three independent appraisals of the entire 208 acres of real property are as follows:

An environmental site assessment has been conducted and indicates no significant adverse environmental issues.

There are no restrictions on the acquisition and no known reversions, restrictions, or adverse easements on the real property, except an easement in favor of Georgia Power for an electrical transmission line on the north side of the property.

Funding for this purchase is GSOU institutional funds.

15. **Acquisition of Real Property, 100 Auburn Avenue and 60 Piedmont Avenue, Atlanta, Georgia State University**

The Board authorized the purchase of an approximately 3.52 acre tract of improved real property located at 100 Auburn Avenue, Atlanta, from Atlanta Life Insurance Company (“ALIC”) for $9,000,000 for the use and benefit of Georgia State University (“GSU”).

The Board also authorized the purchase of an approximately 0.27 acre tract of improved real property located at 60 Piedmont Avenue, Atlanta, from 60 Piedmont Associates, LLC (the “LLC”) for $1,240,000 for the use and benefit of GSU.

The Board also determined that acquisition of the above referenced two tracts of real property (collectively the “Real Property”) include a plan for the successful mitigation of any environmental conditions on the Real Property as well as verification that the Board of Regents will receive or be the beneficiary of Brownfields protection that provides a limitation of liability for third party claims arising from any remaining site environmental contamination.

In February 2012, an information item was presented to the Board describing the proposed purchase of the Real Property. Acquisition of 60 Piedmont Avenue is dependent on the acquisition of 100 Auburn Avenue, although the reverse is not true.

100 Auburn Avenue is improved with an approximately 105,323 square foot (“sf”) five-story steel frame office building constructed in 1980, in average condition, substantially occupied by ALIC.

60 Piedmont Avenue is improved with an approximately 11,192 sf three-story office building constructed in 1956, in average condition, occupied by the Integral Group, an affiliate of the LLC.

If acquired, 100 Auburn Avenue will be used by the GSU Honors College, the GSU Alumni and Admissions offices, and the GSU Welcome Center. If acquired, 60 Piedmont Avenue building will be used by the GSU Student Housing Office.

A portion of the first floor, and the entire third and fifth floors, of 100 Auburn Avenue, and the entirety of 60 Piedmont Avenue, will be leased to the current tenants for a period of 120 calendar days. The second floor of 100 Auburn Avenue is subject to an existing lease which expires April 30, 2017.

60 Piedmont Avenue has an easement for parking until April 30, 2013, and a right of first refusal to purchase a 0.375 acre portion of 100 Auburn Avenue for $650,000. Purchase of both properties together will eliminate this easement and right of first refusal. There are no other restrictions on the acquisition and no other known reversions, restrictions, or adverse easements on the real property.

Funding for the purchase of the Real Property is from GSU institution funds.

16. **Acquisition of Real Property, 950 Hudson Road, Marietta, Southern Polytechnic State University**

The Board authorized the purchase of approximately 6.045 acres of improved real property located at 950 Hudson Road, Marietta, from Antoine Boulos and Christine Boulos (the “Grantor”) for $550,000, for the use and benefit of Southern Polytechnic State University (“SPSU”).

The Board determined that acquisition of this real property be subject to completion of an environmental assessment of the real property indicating no significant problems or, if environmental problems are indicated, said problems be mitigated before the real property is acquired.

This real property is improved with an approximately 1,600 square foot residential structure built in approximately 1975, in poor condition. It will be used by SPSU for storage until demolished.
