The Board accepted a gift of approximately 27.416 acres of unimproved real property located on Pilgrim Mill Road, Cumming, from the City of Cumming (the “City”) for the use and benefit of North Georgia College and State University (“NGCSU”) and Gainesville State College (“GSC”).

The acquisition of this real property is subject to completion of an environmental assessment of the real property indicating no significant problems or, if environmental problems are indicated, said problems be mitigated before the real property is acquired. Acquisition of this real property is also subject to completion of a recordable survey indicating no easements or restrictions that would adversely affect the use of the property.

The Board also declared approximately 0.35 acres of unimproved real property located on Pilgrim Mill Road, Cumming, to be no longer advantageously useful to NGCSU or GSC or other units of the University System of Georgia, but only to the extent and for the purpose of allowing this real property to be ground leased to Pilgrim Mill Center, LLC (the “LLC”), for the purpose of constructing and equipping an academic facility containing approximately 24,000 square feet, and site amenities (the “LLC Academic Facility”).

The Board authorized the execution of a ground lease, including necessary service agreements and access, use, and construction easements, and encroachments, between the Board of Regents, Lessor,
and the LLC, Lessee, for an approximately 0.35 acre tract of the above-referenced real property for a period not to exceed 13 years (not to exceed 11 years from the date the LLC obtains occupancy for the LLC Academic Facility and providing a construction period of up to 2 years).

That the Board also authorized the execution of a rental agreement between the LLC, Landlord, and the Board of Regents, Tenant, for the LLC Academic Facility for the period commencing on the first day of the first month after the LLC obtains occupancy but not earlier than July 1, 2012 and ending the following June 30 at rent not to exceed $450,000 per year annualized, with options to renew on a year-to-year basis for up to ten consecutive one year periods with rent increasing no more than 1% for each option period exercised.

That the Board also authorized the execution of a ground lease, including necessary access, use, and construction easements, and encroachments, between the Board of Regents, Lessor, and the LLC, Lessee, for an approximately 27.066 acre tract of the above-referenced real property for the purpose of constructing and equipping an academic facility containing an additional approximately 14,000 s.f. and site amenities (the “Bond Academic Facility”).

The Board approved the purchase of the Bond Academic Facility from the LLC for no more than $3 million.

The gift of real property from the City is subject to an option to purchase by the Cumming Development Authority for a period of ten years from the date the LLC obtains occupancy for the LLC Academic Facility, should the Board no longer use the property for academic purposes, in the amount of $33,333 per month for each month after the LLC obtains occupancy for the LLC Academic Facility, plus $3 million if the Bond Academic Facility has been constructed and occupied, or, if higher, for the fair market value of Bond Academic Facility.

Legal details involved with the purchase of the Bond Academic Facility, and the terms of the ground leases, rental agreements, and other agreements are subject to review and legal approval of the Georgia Department of Law.

In February 2011, the Board of Regents of the University System of Georgia authorized the Forsyth County Instructional Site for NGCSU and Gainesville State College (“GSC”). In August 2011, the Board approved accepting a gift of approximately 4.05 acres of unimproved real property from the City. The City has decided to gift a total of 27.416 acres, which includes the 4.05 acres previously approved. The LLC Academic Facility and the Bond Academic Facility are consistent with the NGCSU and GSC strategic plans to provide access higher educational opportunities in underserved areas. At the end of the term of the ground lease of approximately 0.35 acre, the real property, all improvements, and any accumulated capital reserves will become the property of the Board of Regents. Funding for the purchase of Bond Academic Facility is State Fiscal Year 2012 General Obligation Bond funds.
