A regular employee’s work commitment may be comprised of multiple job assignments to achieve benefits eligibility if the work assignments are six (6) months or longer. Temporary work commitments/hours cannot be combined for benefit eligibility purposes. These benefits shall also be made available to dependents of the same employees. The USG shall pay that portion of the cost of such insurance as shall be designated from time to time by the Board. If elected, these benefits become effective on the first day of the month following enrollment unless enrollment is on the first day of the month in which case it becomes effective upon enrollment.

8.2.9.4 Benefits Continuation into Retirement

A USG retiree or career employee, who upon his/her separation of employment from the USG meets the criteria for retirement as set forth in Section 8.2.8.2 or Section 8.2.8.4 of this Policy Manual, shall remain eligible to continue as a member (if eligible on retirement date) and currently enrolled in the basic, supplemental and dependent group life insurance and health benefits plans.
