UNIVERSITY SYSTEM OF GEORGIA

What is CASSIE?

National collaborative led by the University System of Georgia to:

- Conduct rigorous research assessing the contribution of international education to college completion
 - Education abroad, advanced foreign language study, Title VI programs
- Provide participating campuses info about how outcomes for students in international education compare to similar institutions
- Build capacity among participating campuses for collaboration between IR and International Education offices to promote better assessment
- Create a sustainable consortium to expand scope after grant completed

UNIVERSITY SYSTEM OF GEORGIA

CASSIE Overview

- Funded by 3-year Title VI grant from US DOE, Office of International and Foreign Language Education
- Georgia Learning Outcomes of Students Studying Abroad Research Initiative (GLOSSARI)
 - U.S. DOE International Research & Studies Program Grant 2006-10
 - Students from Georgia public institutions
 - Identify predictors of study abroad participation, impact on academic outcomes
 - Found education abroad increases timely graduation, especially for African Americans
- CASSIE builds on GLOSSARI by:
 - Broaden outcomes: language study and Title VI participation
 - Institutions beyond USG (partnership with IIE)
 - Refined methods

CASSIE Research Design

Focal Experiences

- Education Abroad--duration, location, provider-type
- World Language Learning--number of courses, major, minor
- Intensive International Ed--FLAS, Flagship, etc.

Special Populations/ Controls

- Need-Based Aid--Pell, Other
- Academic Major--STEM, pre-professional programs
- First-In-Family status
- Matching variables: Race/ethnicity, gender, HS GPA, SAT, etc.

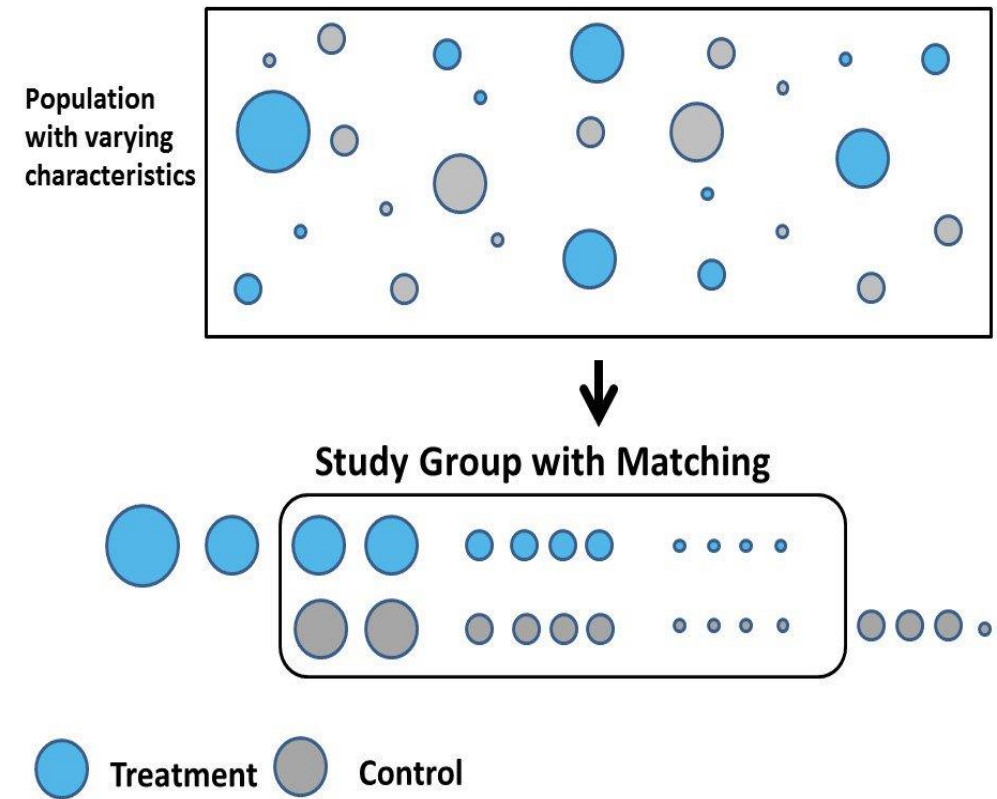

Outcomes

- Timely Graduation
- Terms and Credits to Degree
- Credit completion ratio and GPA

CASSIE Research Design

- Participation in international education is self-selected
- Impact on student outcomes may not be due to the international education experience itself, but other unobserved factors the student possesses
- Simple comparison of treated and control can result in biased estimates

- Exact and Nearest Neighbor Matching

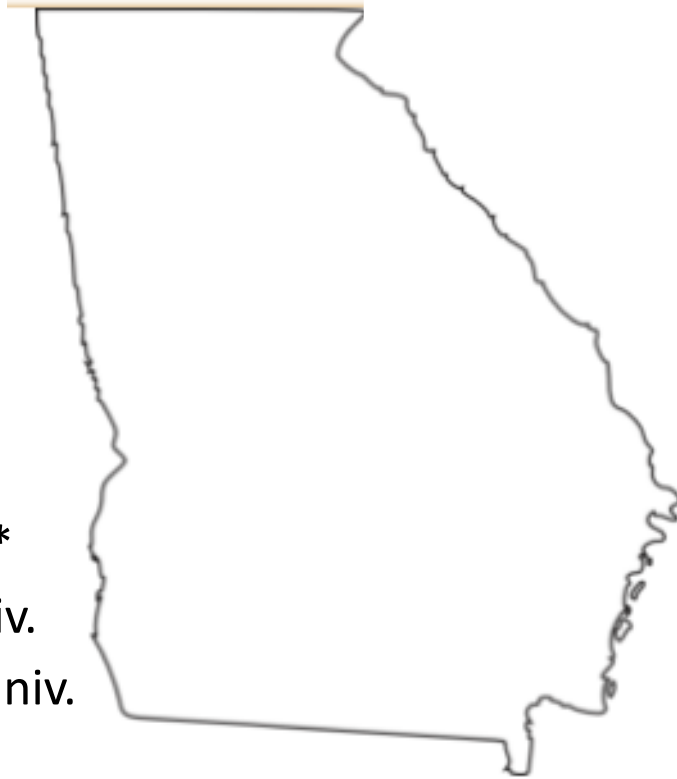

USG CASSIE Institutions

Research Universities

- Augusta University
- Georgia State University
- Georgia Inst. of Technology
- University of Georgia

State Universities

- Albany State University*
- Clayton State University
- Columbus State University
- Fort Valley State University*

- Institutional and overall infographics
- Webinars-both outcomes and to foster IE/IR collaboration

Education Abroad General Information

Student Characteristics

Descriptive Outcomes (DRAFT)

STUDY ABROAD

Degree in 6 years = 93%

Degree in 4 years = 57%

Semesters to Degree = 12.4

Credit Hours Earned at Degree = 136.9

Hours Earned/Hours Attempted = 94%

GPA at Degree = 3.4

These descriptive statistics suggest that students who Study Abroad have higher 6 and 4 year graduation rates, and higher GPA at graduation compared to non Study Abroad students.

DID NOT STUDY ABROAD

Degree in 6 years = 52%

Degree in 4 years = 23%

Semesters to Degree = 13.2

Credit Hours Earned at Degree = 133.3

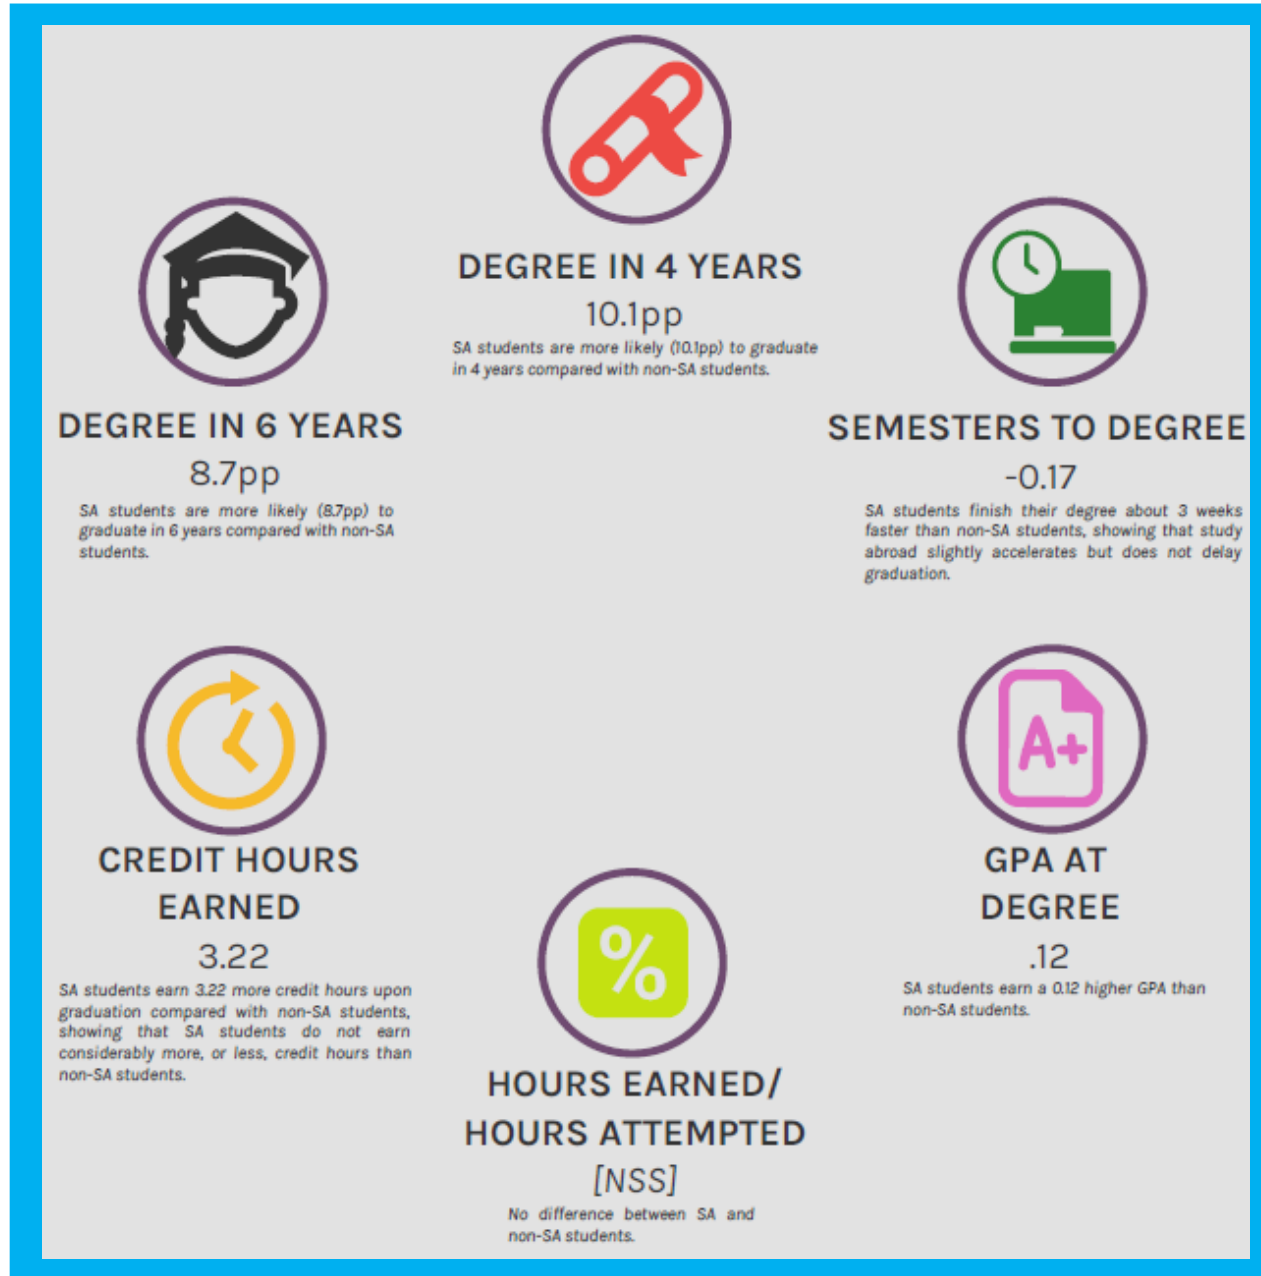

Hours Earned/Hours Attempted = 94%

GPA at Degree = 3.16

It is imperative to note however that these students also differ in academic preparation, demographic, and socio-economic characteristics. As a result, these descriptive statistics do not reveal the impact of Study Abroad per se, but rather the influence of a number of other factors that contribute to student success.

UNIVERSITY SYSTEM OF GEORGIA

CASSIE Contribution to Higher Education Policy and Practice

- Big data approach allows establishment of causal impacts of international education on outcomes of most concern today to administrators and policy makers
- Ability to show how impacts vary for important subpopulations:
 - Income, race/ethnicity, specific majors
- Critical in evaluation of curricular, student affairs, and financial aid policy that affect international education
- Outcomes for different international ed program types can suggest changes in emphasis for administrators
- Essential in advocacy for institutional and government funding
