Academic Data Collection New Residency Code for Students Experiencing Homelessness

Beginning with the Summer Mid-Term (MT) 20231 Academic Data Collection, additional residency data will be collected to track implementation of [Board Policy 4.3.2](#) which establishes an in-state tuition classification for students from a homeless situation.

The USG has established a standard residency code of “9” to be used by all institutions for students granted in-state tuition under this policy. Institutions should use a value of “9” on the Banner Residence Code Validation Form (STVRES D) with description of “In-state due to SB107 req”.

All institutions are required to create new Cross-Reference Label ‘RG TRES D – Regents Residency Code’. Under this label, all institutions must translate the residency code used to identify students from a homeless situation on STVRES D to electronic value “9” with description “In-state due to SB107 req”.

What does a correct translation look like?

Example 1: STVRES D where value “9” is available for use:

ellucian Residence Code Validation STVRES D 9.3 (TDW1297)
