

## **ANNOUNCEMENT**

**TO:** Georgia FIRST PeopleSoft Financials Users

**POSTED:** June 25, 2020

**SUBJECT:** Position Budget Management Updates and Related Documentation

**Available Now** 

ITS applied an Ad Hoc release to production on 06/23/2020 which brought additional functionality to the Position Budget Management module. This additional functionality includes:

- Institutions can now elect to use Journal Approvals as part of Position Budget
  Management Setup. This option should only be selected by institutions currently
  using Journal Approvals as it requires workflow configuration.
- Position Budget and Department Budget pages now notify users of each journal created or modified and the number of rows added to each.

**RELATED DOCUMENTATION:** For more information, please see the following related job aids and business processes:

- BP.030.001 PBM Setup
- BP.030.002 PBM HCM Refresh
- BP.030.003 PBM Position Budget Review or Update
- BP.030.004 PBM Department Budget Review or Update
- Using the PBM Position Page
- Using the PBM Department Page

All business processes and job aids can be found on the Budget Prep Documentation page <u>here</u>.
