

Resolved: Known Issue - KI9.2-9_PO: Unable to Approve Requisitions Pending Approval Status in Manage Requisitions

UPDATED: November 25, 2019

STATUS: Resolved

RESOLUTION: As of Release 5.50, dated November 25, 2019, this issue was resolved.

NAVIGATION: NavBar > Navigator > eProcurement > Buyer Center > Expedite Requisitions

ISSUE: Requisitions are appearing as fully approved in approval workflow, yet Manage Requisitions is showing the requisition as Pending Approval. Users are unable to process the requisition further once it is in this status.

ORIGINALLY POSTED: April 23, 2015
