

Known Issue: KI9.2-147_GL– nVision Drilldowns Running to Error

POSTED: July 21, 2021

STATUS: Active

NAVIGATION: Reporting Tools > PS/nVision > Define Report Request

ISSUE: Users working with nVision reports are receiving an error when attempting to run Drilldowns. The error is preventing the use of the drill down feature within nVision reports.

FUNCTIONAL WORKAROUND: There is no functional workaround at this time.

ESTIMATED RESOLUTION: ITS is working with Oracle on this issue and will have a fix in production as soon as possible.

MORE INFORMATION AND SUPPORT: For business impact issues, contact the ITS Helpdesk at helpdesk@usg.edu or via the [ITS Customer Services website](#).
