

## Known Issue: KI9.2-109\_AP – Issue with Updating Recycle Vouchers Created via Voucher Build

POSTED: January 29, 2019

**STATUS:** Active

Following the 5.40 release applied December 1, 2018, an issue has been found that may affect vouchers built with a Recycle status via the Voucher Build process.

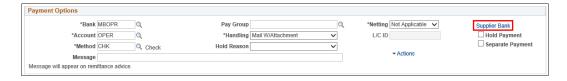

When updating a voucher to correct errors causing the Recycle status (Ex: Accounting Date), users may see this message when attempting to save.

The error occurs only for Suppliers without a bank account number in PeopleSoft.

## **Functional Workaround:**

 Users seeing this message will need to select the Supplier Bank link on the Payments tab.

Clear the Bank Account Sequence Number field.

 Click OK. Clearing this sequence number will allow users to save the voucher as Postable after making any other necessary corrections.

## **Estimated Resolution:**

This issue is a known Oracle bug and will be resolved in a future release. We will update this Known Issue once it has been resolved.

MORE INFORMATION AND SUPPORT: For business impact emergency issues, contact the ITS Helpdesk immediately at 706-583-2001 or 1-888-875-3697 (toll free within Georgia).
