

Critical Testing List for Degree Works 5.0.2

This abbreviated Test Plan reviews broad aspects related to access and basic functionality. Testing should be performed to validate the functionality delivered with this release. In order to test this release thoroughly, please follow your normal business practices and processes, as well as scenarios that you might not encounter often, in an effort to identify any anomalies.

Please refer to the Major Upgrade Test Plan document available on the GeorgiaBEST website at:

https://www.usg.edu/georgia_best/application_development_and_support/degree_works
