

Degree Works Quick Reference Guide

Scribe Basics: Resources and Training

This Quick Reference Guide is a brief summary to assist you in updating and maintaining your Degree Works environment. Additional training through the Ellucian Customer Center or GeorgiaBEST is also available.

The Degree Works Scribe application uses a specialized language to allow users to create the building blocks used by the Degree Works Audit Engine to display program requirements.

Due to the expansive nature of Scribe, we suggest that you explore the resources below:
