Best Practice

You are strongly urged to apply this upgrade to your test environment before applying it to production.

Note: Campuses should comprehensively test using local business processes to ensure that the functionality meets regulatory requirements. If ESM downloaded/installed the 9.18 release prior to 9/15/2021 the following steps will need to be done to ensure the latest release is applied correctly.

- Remove the GURWAPP entry for 9.18Z release if it exists
- Rename the gamods9180000zu folder in the upgrades folder if it exists
- Perform a Get New Releases in ESM to get the newest files
- Install the 9.18Z release located under General
