

STUDY ABROAD COMMITTEE OF THE UNIVERSITY SYSTEM OF GEORGIA

BYLAWS

Article 1: Purpose and Function

The Study Abroad Committee (SAC) supports the international education mission of the University System of Georgia (USG), and more particularly the System Council on International Education (SCIE) by encouraging an active participatory membership of campus professionals who support study abroad students and faculty on their respective USG campuses. The committee serves to facilitate communication among and support campus study abroad professionals by providing a forum where issues of common concern can be shared, discussed, and resolved.

The members of the committee serve an important role in representing the voices of study abroad students, faculty, and the perspectives of their individual campuses in the discussion of study abroad issues, in disseminating information regarding best practices on their campuses, and in making recommendations for consistent policies to the USG via the SCIE where appropriate.

Article 2: Membership
