I. Revision to Board Policy 4.6.5 Shown with Markup

4.6.5 Standards for Institutional Student Conduct Investigation and Disciplinary Proceedings

(This policy will take effect Fall Semester, 2017 **2020**)

This Policy establishes minimum procedural standards for investigations and resolutions of alleged student conduct violations, which each institution must incorporate into its respective student conduct policies. The purpose of this Policy is to ensure uniformity in the quality of investigations while providing for due process that affords fairness and equity in all student conduct investigations. **This Policy is not intended to infringe or restrict rights guaranteed by the United States Constitution including free speech under the First Amendment, or the due process clauses of Fifth and Fourteenth Amendments.**

These procedures apply to matters relating to student misconduct, except matters relating to academic dishonesty, which may be covered under separate institutional policies. Institutions shall inform students of their procedures governing student misconduct complaints and investigations.

For the purposes of this Policy the term Complainant means an individual who is alleged to be a victim of conduct that would violate any Board or other applicable institution policy. The term Respondent means an individual who is alleged to have engaged in behavior that would violate any Board or other applicable institution policy. Other individuals who report information to an institution regarding alleged policy violations are deemed Reporters. Institutions may establish to what extent the procedures outlined in this Policy may apply to Reporters.

4.6.5.1 Reports of Student Misconduct

Institutions must provide clear notice to students and other campus community members as to how to file complaints of misconduct.

Complaints to the appropriate department and/or person(s) should include as much information as possible – such as: (1) the type of misconduct alleged; (2) the name and contact information of the individual(s) accused of misconduct; (3) the date(s), time(s), and place(s) of the misconduct; (4) the name(s) and contact information of any individual(s) with knowledge of the incident; (5) whether any tangible evidence has been preserved; and (6) whether a criminal complaint has been made.

Information from complaints may be shared as necessary to investigate and to resolve the alleged misconduct. Complaints shall be investigated and resolved as outlined below. The need to issue a broader warning to the community in compliance with the Jeanne Clery Disclosure of Campus

Security Policy and Campus Crime Statistics Act (“Clery Act”) shall be assessed in compliance with federal law.

Where appropriate, **C**omplainants may file a law enforcement report as well as an institutional report, but are not required to file both.

1. **Confidentiality:** Where a **C**omplainant ~~or alleged victim~~ **(where applicable)** requests that ~~his or her~~ **their** identity be withheld or the allegation(s) not be investigated, the institutions should consider whether or not such request(s) can be honored while still ~~providing~~ **promoting** a safe and nondiscriminatory environment for the institution and conducting an effective review of the allegations. The institution should inform the requesting party that the institution cannot guarantee confidentiality and that even **granting requests for confidentiality shall not prevent the institution from reporting information or statistical data as required by law, including the Clery Act.**
2. **Retaliation:** Anyone who, ~~in good faith, reports what she or he believes to be student misconduct participates or cooperates in, or is otherwise associated with any investigation,~~ **has made a report or complaint, provided information, assisted, participated or refused to participate in any investigation or resolution under applicable Board or institution policy** shall not be subjected to retaliation. Anyone who believes ~~he or she has~~ **they have** been the target of ~~subjected to~~ retaliation for reporting, participating or cooperating in, or otherwise being associated with an investigation should immediately contact the appropriate department or individual(s) for that institution. Any person found to have engaged in retaliation ~~in violation of the student conduct policy~~ shall be subject to disciplinary action, pursuant to the institution’s policy.
3. **False Complaints/Statements:** Individuals are prohibited from ~~intentionally~~ **knowingly** giving false statements to an institution official. Any person found to have ~~intentionally~~ knowingly submitted false complaints, accusations, or statements, including during a hearing, in violation of ~~this Policy~~ **applicable Board or institution policy** shall be subject to appropriate disciplinary action (up to and including suspension or expulsion) and adjudicated ~~under the student conduct~~ pursuant to the institution’s policy.
4. **Amnesty:** Students should be encouraged to come forward and report violations of the law and/or student code of conduct notwithstanding their ~~own improper use of~~ **choice to consume** alcohol or drugs. ~~Any student(s) who voluntarily and in good faith reports information to college or university faculty or staff prior to any investigation~~ **Information reported by a student during the conduct process** concerning use of ~~their consumption of~~ drugs or alcohol will not be voluntarily reported to law enforcement; nor will information that the individual provides be used against the individual for purposes of conduct violations. Nevertheless, these students may be required to meet with staff members ~~in regard to~~ **regarding** the incident and may be required to participate in appropriate educational program(s). The required participation in an educational program under this amnesty procedure will not be considered a sanction.

Nothing in this amnesty procedure shall prevent a university staff member who is otherwise obligated by law (the Clery Act) to report information or statistical data as required.

4.6.5.2 Process for Investigating and Resolving Disputed **Student Conduct** Reports

Jurisdiction: Each institution shall take necessary and appropriate action to protect the safety and well-being of its community. Accordingly, student conduct should be addressed when such acts occur on institution property, at institution-sponsored or affiliated events, or otherwise violate the institution's student conduct policies, regardless as to where such conduct occurs. If the student has admitted responsibility and has voluntarily decided to participate in the informal process, the procedures outlined in this section will not apply.

Access to Advisors: The **R**espondent and ~~alleged victim~~ **Complainant** (where applicable), as parties to these proceedings, shall have the right to have an advisor (who may or may not be an attorney) of ~~his or her~~ **the party's** choosing, and at ~~his or her~~ **their** own expense, for the express purpose of providing advice and counsel. The advisor may be present during meetings and proceedings during the investigatory and/or resolution process at which his or her advisee is present. The advisor may advise ~~his or her~~ **their** advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions posed to the advisee, but shall not participate directly during the investigation or hearing process. ~~The institution shall not prohibit family members of a party from attending the hearing if the party requests such attendance, but may limit each participant to having two family members present.~~

Initial Evaluation of Student Conduct Reports: Regardless of how an institution becomes aware of **alleged** misconduct, the institution shall ensure a prompt, fair, and impartial review and resolution of complaints alleging student misconduct. Where a report of student misconduct has been made to the appropriate department and/or person, the institution shall review the complaint to determine whether the allegation(s) describes conduct in violation of the institution's policies and/or code of conduct. If the reported conduct would not be a violation of the institution's policies and/or code of conduct, even if true, then the report should be dismissed. Otherwise, a prompt, thorough, and impartial investigation, and review shall be conducted into each complaint received to determine whether charges against the **R**espondent should be brought.

~~Where a report of student misconduct alleges sexual misconduct or other forms of harassment and/or discrimination, the report will be referred to and the investigation will be conducted through or as directed by the appropriate office trained and equipped to investigate such matters.~~

Any report that involves allegation(s) of conduct that could lead to the suspension or expulsion of the **R**espondent(s) in an initial violation must be promptly reported to the System Director **of Equity & Investigations ("System Director")** by the institution. The System Director will work with the institution to determine whether any interim measure(s) are necessary, to assign an investigator and ~~will~~ **may** collaboratively supervise the investigation with the appropriate institution professional (e.g., the Title IX Coordinator, Dean of Students). If an allegation is not initially identified as one that could lead to suspension or expulsion of the **R**espondent(s), but facts arise during the course of the investigation that would require ~~oversight from~~ **notice to** the System Director, then the institution shall report that case to the System Director or ~~her~~ **their** designee prior to proceeding.

Interim Measures

Interim measures may be ~~provided~~ **implemented** by the institution at any point ~~during an investigation~~ **after the institution becomes aware of the alleged student misconduct** and should be designed to protect ~~the alleged victim and the~~ **any student or other individual in the USG** community. To the

extent interim measures are imposed, they should minimize the burden on both the ~~alleged victim~~ **Complainant (where applicable)** and the **R**espondent, where feasible. Interim measures may include, but are not limited to:

1. Change of housing assignment;
2. Issuance of a “no contact” directive;
3. Restrictions or bars to entering certain institution property;
4. Changes to academic or employment arrangements, schedules, or supervision;
5. Interim suspension; and
6. Other measures designed to promote the safety and well-being of the parties and the institution’s community.

An interim suspension should only occur where necessary to maintain safety and should be limited to those situations where the respondent poses a serious and immediate danger or threat to persons or property. In making such an assessment, the institution should consider the existence of a significant risk to the health or safety of the ~~alleged victim~~ **Complainant (where applicable)** or the campus community; the nature, duration, and severity of the risk; the probability of potential injury; and whether less restrictive means can be used to significantly mitigate the risk.

Before an interim suspension is issued, the institution must make all reasonable efforts to give the **R**espondent the opportunity to be heard on whether ~~his or her~~ **the Respondent’s** presence on campus poses a danger. If an interim suspension is issued, the terms of the suspension take effect immediately. **The Respondent shall receive notice of the interim suspension and the opportunity to respond to the interim suspension.** ~~Upon request, the respondent will have an opportunity to be heard by the respective conduct officer, Title IX Coordinator, or System Director, as appropriate,~~

Within three business days **of receiving a challenge the institution will** ~~in order to~~ determine whether the interim suspension should continue.

Investigation

Throughout any investigation and resolution proceedings, a party shall receive written notice of the alleged misconduct, shall be provided an opportunity to respond, and shall be allowed to remain silent or otherwise not participate in or during the investigation and resolution process without an adverse inference resulting. If a party chooses to remain silent or otherwise not participate in an investigation, the investigation may still proceed and policy charges may still result and be resolved. ~~Additionally, in any investigation involving allegations of sexual misconduct, timely notice of meetings shall be provided to each party of any meeting at which the complainant, respondent or alleged victim may be present.~~ Timely and equal access to information that will be used during the investigation will be provided to the **C**omplainant **(where applicable)**, **R**espondent ~~and alleged victim (where applicable)~~.

Where the potential sanctions for the alleged misconduct may involve a suspension or expulsion (even if such sanctions were to be held “in abeyance,” such as probationary suspension or expulsion) the institution’s investigation and resolution procedures must provide the additional minimal safeguards outlined below.

1. The ~~alleged victim~~ **Complainant (where applicable)** and **R**espondent shall be provided with written notice of the complaint/allegations, pending investigation, possible charges, possible sanctions, and available support services. The notice should also include the identity of any investigator(s) involved. Notice should be provided via institution email to the address on file.
2. Upon receipt of the written notice, the **R**espondent shall have at least three business days to respond in writing. In that response, the **R**espondent shall have the right to admit or to deny the allegations, and to set forth a defense with facts, witnesses, and supporting materials. A non-response will be considered a general denial of the alleged misconduct. Any ~~alleged victim~~ **Complainant (where applicable)** shall also be provided three business days to respond to or to supplement the notice.
3. If the **R**espondent admits responsibility, the process may proceed to the sanctioning phase or may be informally resolved, if appropriate.
4. If at any point the investigator determines there is insufficient evidence to support a charge or to warrant further consideration of discipline, then the complaint should be dismissed.
5. An investigator shall conduct a thorough investigation and should retain written notes and/or obtain written or recorded statements from each interview. The investigator shall also keep a record of any party's proffered witnesses not interviewed, along with a brief, written explanation of why the witnesses were not interviewed.
6. The initial investigation report shall be provided to the **R**espondent and the ~~alleged victim~~ **Complainant** (where applicable). This report should clearly indicate any resulting charges (or alternatively, a determination of no charges), as well as the facts and evidence in support thereof, witness statements, and possible sanctions. For purposes of this Policy, a charge is not a finding of responsibility, but indicates that there is sufficient evidence to warrant further consideration and adjudication.
7. The final investigation report should be provided to the misconduct panel or hearing officer for consideration in adjudicating the charges brought against the **R**espondent. A copy shall also be provided to the respondent and ~~alleged victim~~ **Complainant** (where applicable) before any hearing. The investigator may testify as a witness regarding the investigation and findings, but shall otherwise have no part in the hearing process and shall not attempt to otherwise influence the proceedings outside of providing testimony during the hearing.

Resolution/Hearing

In no case shall a hearing to resolve charge(s) of student misconduct take place before the investigative report has been finalized.

Where the **R**espondent indicates that ~~he or she~~ **they** contests the charges, the matter shall be set for a hearing and once the investigative report has been finalized and copies provided to the **R**espondent and ~~alleged victim~~ **Complainant** (where applicable); however, the ~~alleged victim~~ **Complainant** (where applicable) and **R**espondent may have the option of selecting informal resolution as a possible resolution in certain student misconduct cases where they mutually agree, except where deemed inappropriate by the Vice President for Student Affairs (or ~~his/her~~ **their** designee) or the System Director.

Where a case is not resolved through informal resolution or informal resolution is not available due to the nature of the charges, the Respondent shall have the option of having the charges heard either by an administrator (Hearing Officer) or a Hearing Panel. ~~However, all cases involving charges of sexual misconduct that go to a hearing shall be heard by a panel of staff and/or faculty. Sexual misconduct panel members shall receive appropriate annual training as directed by the System Director or Coordinator and required by the Clery Act.~~ If an administrative hearing is requested, the Respondent shall use ~~his or her~~ their discretion to determine whether the case should be heard by a Hearing Panel. Notice of the date, time, and location of the hearing shall be provided to the Respondent, and Complainant, ~~and alleged victim~~ (where applicable) at least five business days prior to the hearing. Notice shall be provided via institution email where applicable. **Hearings shall be conducted in person or via conferencing technology as reasonably available.** Additionally, the following standards will apply to any such hearing:

The Respondent and Complainant (where applicable) shall have the right to present witnesses and evidence to the hearing officer or panel. Witness testimony, if provided, shall pertain to knowledge and facts directly associated with the case being heard. ~~Both parties~~ **The Respondent and Complainant (where applicable)** shall have the right to confront any witnesses, including the other party, by submitting written questions to the **Hearing Officer or Hearing Panel** for consideration. Advisors may actively assist in drafting questions. The **Hearing Officer or Hearing Panel** shall ask the questions as written and will limit questions only if they are unrelated to determining the veracity of the charge leveled against the Respondent(s). In any event, the **Hearing Officer or Hearing Panel** shall err on the side of asking all submitted questions and must document the reason for not asking any particular questions.

1. Where the **Hearing Officer or Hearing Panel** determines that a party or witness is unavailable and unable to be present due to extenuating circumstances, the **Hearing Officer or Hearing Panel** may establish special procedures for providing testimony from a separate location. In doing so, the **Hearing Officer or Hearing Panel** must determine whether there is a valid basis for the unavailability, ensure proper sequestration in a manner that ensures testimony has not been tainted, and make a determination that such an arrangement will not unfairly disadvantage any party. Should it be reasonably believed that a party or witness who is not physically present has presented tainted testimony, the **Hearing Officer or Hearing Panel** will disregard or discount the testimony.

~~In sexual misconduct cases, the hearing officer reserves the right to allow a party to testify in a separate room, so long as no party is unfairly disadvantaged by this procedure. A party must still give testimony in the presence of the Panel, and the opposing party must have the opportunity to view the testimony remotely and to submit follow-up questions.~~

2. Formal ~~civil~~ **judicial** rules of evidence do not apply to the investigatory or resolution process.
3. The standard of review shall be a preponderance of the evidence; ~~however, any decision to suspend or to expel a student must also be supported by substantial evidence at the hearing.~~
4. Institutions should maintain documentation of the proceedings, which may include written findings of fact, transcripts, audio recordings, and/or video recordings.
5. Following a hearing, both the Respondent and ~~alleged victim~~ **Complainant** (where applicable) shall be simultaneously provided a written decision via institution email (where applicable) of the

outcome and any resulting sanctions. The decision should include details on how to appeal, as outlined below. Additionally, the written decision must summarize the evidence **relied on** in support of the **outcome and the rationale for the resulting** sanction. The same form will be completed, regardless of whether the student opts for a hearing panel or an administrative proceeding.

4.6.5.3 Reports of Sexual Misconduct

Initial Evaluation of Sexual Misconduct Reports: Upon notice of the alleged Sexual Misconduct the institution's Title IX Coordinator ("Coordinator") will assess whether a formal investigation, informal resolution, or dismissal would be appropriate. In making this determination, the Coordinator will assess whether the allegation(s), if true, would rise to the level of prohibited conduct, whether a Formal Complaint must be filed, whether an investigation is appropriate in light of the circumstances, whether the parties prefer an informal resolution, and whether any safety concerns exist for the campus community. The need to issue a broader warning to the community in compliance with the Clery Act shall be assessed in compliance with federal law.

Confidentiality: Where a Complainant requests that their identity be withheld or the allegation(s) not be investigated, the Coordinator should consider whether or not such request(s) can be honored in a manner consistent with the institution's obligations to promote a safe and nondiscriminatory environment. The institution should inform the Complainant that the institution cannot guarantee confidentiality. Honoring a Complainant's request for confidentiality shall not prevent the institution from reporting information or statistical data as required by law, including the Clery Act.

Retaliation: Anyone who has made a report or complaint, provided information, assisted, participated, or refused to participate in any manner in the Sexual Misconduct process, shall not be subjected to retaliation. Anyone who believes that they have been subjected to retaliation should immediately contact the Coordinator or their designee. Any person found to have engaged in retaliation shall be subject to disciplinary action.

False Complaints/Statements: Individuals are prohibited from knowingly making false statements or knowingly submitting false information to a system or institution official. Any person found to have knowingly submitted false complaints, accusations, or statements, including during a hearing, shall be subject to appropriate disciplinary action (up to and including suspension or expulsion) under the appropriate institutional process.

Amnesty: Students should be encouraged to come forward and to report Sexual Misconduct notwithstanding their choice to consume alcohol or to use drugs. Information reported by a student during the Sexual Misconduct process concerning the consumption of drugs or alcohol will not be used against the particular student in a disciplinary proceeding or voluntarily reported to law enforcement; however, students may be provided with resources on drug and alcohol counseling and/or education, as appropriate. Nevertheless, these students may be required to meet with staff members regarding the incident and may be required to participate in appropriate educational program(s). The required participation in an educational program under this amnesty procedure will not be considered a sanction.

Nothing in this amnesty provision shall prevent an institution staff member who is otherwise obligated by law (the Clery Act) to report information or statistical data as required.

Jurisdiction: Each institution shall take necessary and appropriate action to promote the safety and well-being of its community. Accordingly, Sexual Misconduct should be addressed when such acts occur on institution property, at institution-sponsored or affiliated events, or otherwise violates the institution's student conduct policies, regardless as to where such conduct occurs.

Access to Advisors:

1. For Formal Title IX Complaints: Both the Complainant and the Respondent, as parties to the matter, shall have the opportunity to use an advisor (who may or may not be an attorney) of the party's choosing. The advisor may accompany the party to all meetings and may provide advice and counsel to their respective party throughout the Sexual Misconduct process, including providing questions, suggestions and guidance to the party, but may not actively participate in the process except to conduct cross-examination at the hearing as outlined in the Resolution/Hearing section below. If a party chooses not to use an advisor during the investigation, the institution will provide an advisor for the purpose of conducting cross-examination on behalf of the relevant party.

All communication during the Sexual Misconduct process will be between the institution and the party and not the advisor. The institution will copy the party's advisor prior to the finalization of the investigation report when the institution provides the parties the right to inspect and review directly related information gathered during the investigation. With the party's permission, the advisor may be copied on all communications.

2. For Non-Title IX Sexual Misconduct Complaints: Both the Complainant and the Respondent, as parties to the matter, shall have the opportunity to use an advisor (who may or may not be an attorney) of the party's choosing at the party's own expense. The advisor may accompany the party to all meetings and may provide advice and counsel to their respective party throughout the Sexual Misconduct process but may not actively participate in the process. All communication during the Sexual Misconduct process will be between the institution and the party and not the advisor. With the party's permission, the advisor may be copied on all communications.

Interim Measures: Interim measures may be implemented at any point after the institution becomes aware of an allegation of Sexual Misconduct and should be designed to protect any student or other individual in the USG community. Such measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter Sexual Misconduct and retaliation. Interim measures must be implemented consistent with the provisions in applicable Board and institutional policies and procedures.

An interim suspension should only occur where necessary to promote safety and should be limited to those situations where the Respondent poses a serious and immediate danger or threat to persons or property. In making such an assessment, the institution should consider the existence of a significant risk to the health or safety of the Complainant or the campus community; the nature, duration, and severity of the risk; the probability of potential injury; and whether less restrictive means can be used to significantly mitigate the risk.

Before an interim suspension is issued, the institution must make reasonable efforts to give the Respondent the opportunity to be heard on whether the Respondent's presence on campus poses a danger. If an interim suspension is issued, the terms of the interim suspension take effect immediately. The Respondent shall receive notice of the interim suspension and the opportunity to respond to the interim suspension.

Within three business days of receiving a challenge the institution will determine whether the interim suspension should continue.

4.6.5.4 Process for Investigating and Resolving Sexual Misconduct Reports

Investigation

Throughout any investigation and resolution proceeding, a party shall receive written notice of the alleged Sexual Misconduct, shall be provided an opportunity to respond, and shall be allowed the right to remain silent or otherwise not participate in or during the investigation and resolution process without an adverse inference resulting. If a party chooses to remain silent or otherwise not participate in the investigation or resolution process, the investigation and resolution process may still proceed, and policy violations may result.

Until a final determination of responsibility, the Respondent is presumed to have not violated the Sexual Misconduct Policy. Prior to the finalization of the investigation report, timely and equal access to information directly related to the allegations that has been gathered during the investigation and may be used at the hearing will be provided to the Complainant, the Respondent, and a party's advisor (where applicable).

Formal judicial rules of evidence do not apply to the investigation process, additionally the standard of review throughout the Sexual Misconduct process is a preponderance of the evidence.

1. The parties shall be provided with written notice of the: report/allegations with sufficient details, pending investigation, possible charges, possible sanctions, available support services and interim measures, and other rights under applicable institutional policies. For the purposes of this provision sufficient details include the identities of the parties involved, if known, the conduct allegedly constituting Sexual Misconduct, and the date and location of the alleged incident, if known. This information will be supplemented as necessary with relevant evidence collected during the investigation. The notice should also include the identity of any investigator(s) involved. Notice should be provided via institution email to the party's institution email.
2. Upon receipt of the written notice, the parties shall have at least three business days to respond in writing. In that response, the Respondent shall have the right to admit or deny the allegations, and to set forth a defense with facts, witnesses, and supporting materials. A Complainant shall have the right to respond to and supplement the notice. Throughout the Sexual Misconduct process the Complainant and the Respondent shall have the right to present witnesses and other inculpatory and exculpatory evidence.
3. If the Respondent admits responsibility, the process may proceed to the sanctioning phase or may be informally resolved, if appropriate.
4. An investigator shall conduct a thorough investigation and should retain written notes and/or obtain written or recorded statements from each interview. The investigator shall also keep a

record of any party's proffered witnesses not interviewed, along with a brief, written explanation of why the witnesses were not interviewed.

5. An investigator shall not access, consider, disclose, or otherwise use a party's records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional made in connection with the party's treatment unless the party has provided voluntary written consent. This also applies to information protected by recognized legal privilege.
6. The initial investigation report shall be provided to the Complainant, the Respondent, and a party's advisor (if applicable). This report should fairly summarize the relevant evidence gathered during the investigation and clearly indicate any resulting charges or alternatively, a determination of no charges. For purposes of this Policy, a charge is not a finding of responsibility.
7. The Complainant and the Respondent shall have at least 10 calendar days to review and respond in writing to the initial investigation report and directly related information gathered during the investigation. The investigator will review the Complainant's and the Respondent's written responses, if any, to determine whether further investigation or changes to the investigation report are necessary.
8. The final investigation report should be provided to the Complainant, the Respondent, and a party's advisor, if applicable, at least 10 calendar days prior to the Hearing. The final investigation report should also be provided to all Hearing Panel members for consideration during the adjudication process.

Resolution/Hearing

The Respondent and the Complainant, as parties to the matter, may have the option of selecting informal resolution as a possible resolution in certain cases where the parties agree, and it is deemed appropriate by the institution. Where a matter is not resolved through informal resolution a hearing shall be set. All Sexual Misconduct cases shall be heard by a panel of faculty and/or staff. All institutional participants in the Sexual Misconduct resolution process shall receive appropriate annual training as directed by the System Director or Coordinator and required by the Clery Act and Title IX.

In no case shall a hearing to resolve a Sexual Misconduct allegation take place before the investigation report has been finalized. The investigator may testify as a witness regarding the investigation and findings but shall otherwise have no part in the hearing process and shall not attempt to otherwise influence the proceedings outside of providing testimony during the hearing. All directly related evidence shall be available at the hearing for the parties and their advisors to reference during the hearing.

Relevant facts or evidence that were not known or knowable to the parties prior to the issuance of the final investigative report shall be admissible during the hearing. The institution will determine how the facts or evidence will be introduced. The admissibility of any facts or evidence known or knowable by the parties prior to the issuance of the final investigative report, and which were not submitted during the investigation, shall be determined by the institution in compliance with the obligation to provide both parties an equal opportunity to present and respond to witnesses and other evidence.

Notice of the date, time, and location of the hearing as well as the selected hearing panel members shall be provided to the Complainant and the Respondent at least 10 calendar days prior to the

hearing. Notice shall be provided via institution email to the parties' institution email. Parties may attend the hearing with their advisor.

Hearings shall be conducted in-person or via video conferencing technology. Where the institution determines that a party or witness is unable to be present in person due to extenuating circumstances, the institution may establish special procedures to permit that individual to provide testimony from a separate location. In doing so, the institution must determine whether there is a valid basis for the individual's unavailability, require that the individual properly sequester in a manner that ensures testimony has not been tainted, and make a determination that such arrangement will not unfairly disadvantage any party. Should it be reasonably believed that the individual presented tainted testimony, the hearing panel will disregard or discount the testimony. Parties may also request to provide testimony in a separate room from the opposing party, so long as no party is unfairly disadvantaged, and they have the opportunity to view the testimony remotely and submit follow-up questions.

At all times participants in the hearing process, including parties, a party's advisor, and institution officials, are expected to act in a manner that promotes dignity and decorum throughout the hearing. Participants are expected to be respectful to others and follow procedural formalities outlined by this Policy and the institution. The institution reserves the right to remove any participant from the hearing environment if the participant refuses to adhere to the institution's established rules of decorum.

Each institution shall maintain documentation of the investigation and resolution process, which may include written findings of fact, transcripts, audio recordings, and/or video recordings. Any documentation shall be maintained for seven years.

Additionally, the following standards will apply to Title IX and Non-Title IX Sexual Misconduct hearings respectively:

A. Title IX Hearings

1. Where a party or a witness is unavailable, unable, or otherwise unwilling to participate in the hearing, including being subject to cross-examination, the hearing panel shall not rely on statements of that party or witness in reaching its determination regarding responsibility. The hearing panel shall not draw an adverse inference against the party or witness based solely on their absence from the hearing or refusal to subject to cross-examination.
2. The parties shall have the right to present witnesses and evidence at the hearing.
3. The parties shall have the right to confront any witness, including the other party, by having their advisor ask relevant questions directly to the witness. The Hearing Officer shall limit questions raised by the advisor when they are irrelevant to determining the veracity of the allegations against the Respondent(s). In any such event, the Hearing Officer shall err on the side of permitting all the raised questions and must document the reason for not permitting any particular questions to be raised.
4. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior, shall be deemed irrelevant, unless such questions and evidence are offered to prove that someone other than the Respondent committed the alleged conduct or consent between the parties during the alleged incident.

5. The hearing panel shall not access, consider, disclose, or otherwise use a party's records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional made in connection with the party's treatment unless the party has provided voluntary written consent. This also applies to information protected by recognized legal privilege.
6. Formal judicial rules of evidence do not apply to the resolution process and the standard of evidence shall be a preponderance of the evidence.
7. Following a hearing, the parties shall be simultaneously provided a written decision via institution email of the hearing outcome and any resulting sanctions or administrative actions. The decision must include the allegations, procedural steps taken through the investigation and resolution process, findings of facts supporting the determination(s), determination(s) regarding responsibility, and the evidence relied upon and rationale for any sanction or other administrative action. The institution shall also notify the parties of their right to appeal as outlined below.

B. Non-Title IX Sexual Misconduct Hearings

1. The parties shall have the right to present witnesses and evidence at the hearing. Witness testimony, if provided, shall pertain to knowledge and facts directly associated with the case being heard.
2. The parties shall have the right to confront any witnesses, including the other party, by submitting written questions to the Hearing Officer for consideration. Advisors may actively assist in drafting questions. The Hearing Officer shall ask the questions as written and will limit questions only if they are irrelevant to determining the veracity of the allegations against the Respondent(s). In any such event, the Hearing Officer shall err on the side of asking all submitted questions and must document the reason for not asking any particular questions.
3. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior, shall be deemed irrelevant, unless such questions and evidence are offered to prove that someone other than the Respondent committed the alleged conduct or consent between the parties during the alleged incident.
4. The hearing panel shall not access, consider, disclose, or otherwise use a party's records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional made in connection with the party's treatment unless the party has provided voluntary written consent. This also applies to information protected by recognized legal privilege.
5. Formal judicial rules of evidence do not apply to the resolution process and the standard of evidence shall be a preponderance of the evidence.
6. Following a hearing, the parties shall be simultaneously provided a written decision via institution email of the hearing outcome and any resulting sanctions or administrative actions. The decision must include the allegations, procedural steps taken through the investigation and resolution process, findings of facts supporting the determination(s), determination(s) regarding responsibility, and the evidence relied upon and rationale for

any sanction or other administrative action. The institution shall also notify the parties of their right to appeal, as outlined below.

4.6.5.5 Possible Sanctions

In determining the severity of sanctions or corrective actions the following should be considered: the frequency, severity, and/or nature of the offense; history of past conduct; an offender's willingness to accept responsibility; previous institutional response to similar conduct; strength of the evidence; and the wellbeing of the university community. The ~~hearing panel, hearing officer or administrator that found that a policy violation occurred~~ institution will determine sanctions and issue notice of the same, as outlined above.

The broad range of sanctions includes: expulsion; suspension for an identified time frame or until satisfaction of certain conditions or both; temporary or permanent separation of the parties (e.g., change in classes, reassignment of residence, no contact orders, limiting geography of where parties can go on campus) with additional sanctions for violating no-contact orders; required participation in sensitivity training/awareness education programs; required participation in alcohol and other drug awareness and abuse prevention programs; counseling or mentoring; volunteering/community service; loss of institutional privileges; delays in obtaining administrative services and benefits from the institution (e.g., holding transcripts, delaying registration, graduation, diplomas); additional academic requirements relating to scholarly work or research; financial restitution; or any other discretionary sanctions directly related to the violation or conduct.

For suspension and expulsion, the institution must articulate, in its written decision, the substantial evidence relied upon in determining that suspension or expulsion were appropriate. For purposes of this Policy substantial evidence means evidence that a reasonable person might accept to support the conclusion.

4.6.5.3 6 Appeals

Appeals may be made in any cases where sanctions are issued, even when such sanctions are held "in abeyance," such as probationary or expulsion. Where the sanction imposed includes a suspension or expulsion (even for one held in abeyance), the following appellate procedures must be provided.

The ~~alleged offender~~ Respondent (and in cases involving sexual misconduct or other forms of discrimination and/or harassment, the ~~alleged victim~~ Complainant) shall have the right to appeal the outcome on any of the following grounds: (1) to consider new information, sufficient to alter the decision, or other relevant facts not brought out in the original hearing (or appeal), because such information was not known or knowable to the person appealing during the time of the hearing (or appeal); (2) to allege a procedural error within the hearing process that may have substantially impacted the fairness of the hearing (or appeal), including but not limited to whether any hearing questions were improperly excluded or whether the decision was tainted by a conflict of interest or bias by the Title IX Coordinator, Conduct Officer, investigator(s), decision makers(s); or (3) to allege that the finding was inconsistent with the weight of the information.

~~Appeals may be made for the above reasons in any case where sanctions are issued, even when such sanctions are held "in abeyance," such as probationary suspension or expulsion.~~ The appeal must be made in writing, and must set forth one or more of the bases outlined above, and must be submitted

within five business days of the date of the final written decision. The appeal should be made to the institution's Vice President for Student Affairs or ~~his/her~~ **their** designee.

The appeal shall be a review of the record only, and no new meeting with the Respondent or any ~~alleged-victim~~ Complainant is required. The Vice President, or ~~his or her~~ **their** designee, may affirm the original finding and sanction, affirm the original finding but issue a new sanction of **greater or** lesser severity, remand the case back to the decision-maker to correct a procedural or factual defect, or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The Vice President or ~~his or her~~ **their** designee shall then issue a decision in writing to the respondent within a reasonable time period.

The decision of the Vice President or his or her designee may be appealed in writing within five business days (as determined by the date of the decision letter) to the President of the institution solely on the three grounds set forth above.

The President may affirm the original finding and sanction, affirm the original finding but issue a new sanction of greater or lesser severity, remand the case back to ~~the~~ **any lower** decision maker to correct a procedural or factual defect, or reverse or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The President decision shall be simultaneously issued in writing to the ~~complainant, the respondent and the alleged-victim (where applicable)~~ **parties** within a reasonable time period. The President's decision shall be the final decision of the institution.

Should the Respondent or ~~alleged-victim~~ **Complainant** (where applicable) wish to appeal the President's decision, ~~he or she~~ they may request review by the Board of Regents in accordance with the Board of Regents' Policy on Discretionary Review.

Appeals received after the designated deadlines above will not be considered unless the institution or Board of Regents has granted an extension prior to the deadline. If an appeal is not received by the deadline the last decision on the matter will become final.

4.6.5.4 7 Recusal/Challenge for Bias

Any party may challenge the participation of any institution official, employee or student panel member in the process on the grounds of personal bias by submitting a written statement to the institution's designee setting forth the basis for the challenge. The designee shall not be the same individual responsible for investigating or adjudicating the conduct allegation. The written challenge should be submitted within a reasonable time after the individual knows or reasonably should have known of the existence of the bias. The institution's designee will determine whether to sustain or deny the challenge and, if sustained, the replacement to be appointed.

II. Board Policy 6.7 Sexual Misconduct

Reporting Structure

~~All Equal Opportunity directors and others having responsibility for coordination of Title IX~~ Coordinators (“Coordinators”) at USG institutions shall have a direct reporting relationship to both the institution’s President or the President’s designee and the USG System Director for Equity and Investigations (“System Director”). The President of each institution shall determine the organizational and operating reporting relationships for the Coordinators at the institution and exercise oversight of institutional issues relating to Sexual Misconduct. However, the System Director shall have authority to direct the Coordinators’ work at each institution as needed to address system-wide issues or directives. ~~A complainant of sexual misconduct may, but need not, file a criminal complaint with law enforcement officials; file a misconduct report with a Responsible Employee or Coordinator; or file both. A report may be filed anonymously, although anonymous reports may make it difficult for the institution to address the complaint. Any individual who believes that he or she has been a victim of sexual misconduct is encouraged to report allegations of sexual misconduct promptly.~~

All reports of sexual misconduct alleged to have been committed by a student must be handled consistently with requirements set forth in [Section 4.6.5, Standards for Institutional Student Conduct Investigation and Disciplinary Proceedings](#).

All reports of sexual misconduct alleged to have been committed by a non-student member of the institution community will be addressed and/or resolved through the institution's and the Board of Regents' applicable policies for discipline of non-students.

USG encourages the reporting of all Sexual Misconduct as soon as possible. While there is no statute of limitations on an institution's ability to respond to a report, the ability to respond diminishes with time as information and evidence may be more difficult to secure.

6.7.2 (A) Institutional Reports

An institutional report occurs when the institution has notice of a complaint. That notice occurs in two instances:

1. When a Responsible Employee receives a complaint; or
2. When the Title IX Coordinator or their designee receives a complaint.

Any individual may make a report, but the institution does not have notice of the report until information is known to a Responsible Employee or the Coordinator. The report may be made directly to the Coordinator in multiple formats to include: writing, email, phone, letter, fax, interview, or other method that provides the basis of the complaint of sexual misconduct. There is no specific information required to constitute a report; however, the report should contain as much information as can be provided. Reporting options should be included on the Title IX website.

Complainants, or anyone with knowledge of Sexual Misconduct, who wish to may file a report with the institution should notify a Responsible Employee or the Coordinator. That Responsible Employee must provide a complete reporting of all information known to them to the Coordinator. Responsible Employees informed about Sexual Misconduct allegations involving any student should not attempt to resolve the situation, but must notify and report all relevant information to the Coordinator as soon as practicable. Confidential Employees are not bound by this requirement but may be required to report limited information about incidents without revealing the identities of the individuals involved to the Title IX Coordinator, consistent with their ethical and legal obligations. All members of the University System of Georgia institutions' communities are encouraged to report incidents of sexual misconduct promptly.

Upon receipt of an institutional report, the Coordinator will contact the Complainant. That contact will discuss the availability of supportive measures, the invitation to discuss their wishes with respect to implementation of supportive measures, and explain the process of filing a complaint. An institutional report does not automatically prompt an investigation.

The Coordinator's identity and contact information shall be published by each institution prominently on the institution's website, as well as in any relevant publication. Each institution may choose to have Deputy Title IX Coordinators to whom reports may be made, as well. Institutions should encourage complainants to report their complaints in writing, though oral complaints should also be

accepted, taken seriously, and investigated, to the extent possible. While complaints should be made as quickly as possible following an alleged incident of sexual misconduct, all reports should be accepted regardless of when reported.

The Coordinator shall refer to **notify** the System Director **of** any allegation(s) of **Sexual Misconduct** that could, standing alone as reported, lead to the suspension or expulsion of the **Respondent(s)**. The System Director will work with the institution to determine whether any **support services or** interim measure(s) are necessary and to assign an investigator who will work under the direction of the System Director or designee, if directed by System Director. If an allegation is not initially identified as one that would lead to the suspension or expulsion of the **Respondent(s)**, but facts arise during the course of the investigation that ~~would require transfer to the System Director~~ could lead to the Respondent's suspension or expulsion, the Title IX Coordinator shall ~~transfer oversight to~~ **notify** the System Director or designee. The System Director shall have the discretion to ~~retain oversight or transfer oversight to the institution~~ **oversee the handling of the complaint**.

6.7.2 (B) Confidential Reports

Confidential Employees or Privileged Employees may receive reports of Sexual - based Misconduct without the requirement to report that information to the Coordinator, except as dictated by law or professional standards. Upon request by the Complainant, Confidential Employees and Privilege Employees may make a report to the Coordinator within the degree of specificity dictated by the Complainant.

Nothing in this provision shall prevent an institution staff member who is otherwise obligated by law (i.e, the Clery Act) to report information or statistical data as required.

6.7.2.(B C) Law Enforcement Reports

Because **Sexual Misconduct** may constitute criminal activity, a **Complainant** also has the option, should ~~he or she~~ **the Complainant** so choose, of filing a report with campus or local police, for ~~his or her~~ **the Complainant's** own protection and that of the surrounding community. The institution may assist the **Complainant** in reporting the situation to law enforcement officials. **Filing a criminal report does not automatically constitute an institutional report.**

~~Complainants considering filing a report of sexual misconduct with law enforcement should preserve any evidence of sexual misconduct, including, but not limited to, the following:~~

- ~~1. Clothing worn during the incident including undergarments;~~
- ~~2. Sheets, bedding, and condoms, if used;~~
- ~~3. Lists of witnesses with contact information;~~

Parties shall have the opportunity to request or object to the consolidation; however, the institution shall have the authority to make the final determination. For the purpose of this Policy consolidation may occur during the investigation and/or the adjudication phases of the sexual misconduct process.

6.7.2 (F) Complaint Dismissal

Each institution is permitted, but not required, to dismiss complaints on the following grounds:

1. The alleged conduct, even if proved, would not constitute Sexual Misconduct;
2. The Complainant notifies the Coordinator in writing that they would like to withdraw the complaint;
3. The Respondent is no longer enrolled or employed by the institution; or
4. There are circumstances that prevent the institution from gathering evidence sufficient to reach a determination regarding the complaint.

The parties shall receive simultaneous written notice of the dismissal and the reason(s) for the dismissal. The parties shall have a right to appeal the institution's decision to dismiss the complaint.

6.7.2 (D) (G) Retaliation

Anyone who has made a report or complaint, provided information, assisted, participated or refused to participate in any manner in the Sexual Misconduct Process, in good faith, reports what he or she believes to be misconduct under this Policy, or who participates or cooperates in, or is otherwise associated with any investigation, shall not be subjected to retaliation. Anyone who believes that he or she has been the target of they have subjected to retaliation for reporting, participating, cooperating in, or otherwise being associated with an investigation should immediately contact the Coordinator for the institution or their designee. Any person found to have engaged in retaliation in violation of this Policy shall be subject to disciplinary action.

Individuals should be encouraged to come forward and to report Sexual Misconduct notwithstanding their choice to consume alcohol or to use drugs. Information reported by an individual a student during an investigation concerning use the consumption of drugs or alcohol will not be used against the particular individual student in a disciplinary proceeding or voluntarily reported to law enforcement; however, individuals students may be provided with resources on drug and alcohol counseling and/or education, as appropriate. Nevertheless, these students may be required to meet with staff members in regards to the incident and may be required to participate in appropriate educational program(s). The required participation in an educational program under this amnesty procedure will not be considered a sanction.

Nothing in this amnesty provision shall prevent an institution staff member who is otherwise obligated by law (the Clery Act) to report information or statistical data as required.

6.7.3 Handling Responding to Reports of Sexual Misconduct

6.7.3 (A) Support Services

Once a student or employee makes a complaint or receives notice that a complaint has been made against him or her, or the coordinator otherwise learns of a complaint of sexual misconduct. The complainant, respondent and alleged victim (where applicable) should receive written information about. Once the Title IX Coordinator has received information regarding an allegation of Sexual Misconduct the parties will be provided written information about support services. Interim measures must be provided consistent with the provisions in applicable Board and institutional policies and procedures.

~~Before an interim suspension is issued, the institution must make all reasonable efforts to give the respondent the opportunity to be heard, consistent with the provisions in [Policy 4.6.5](#).~~

6.7.3 (C) Jurisdiction

Emergency removal should only occur where necessary to maintain safety and should be limited to those situations where the Respondent poses a serious and immediate danger or threat to persons or property. In making such an assessment, the institution should consider the existence of a significant risk to the health or safety of the Complainant or the campus community; the nature, duration, and severity of the risk; the probability of potential injury; and whether less restrictive means can be used to significantly mitigate the risk.

6.7.3 (C D) Jurisdiction
