RATIONALE

In response to Dr. Muyskens request that Academic Committees make recommendations about common course numbers, Chairman Kohler appointed a sub committee including Ann Pullen, Tim Crimmins, John Ricks, and Veula Rhodes to review this issue and the CLEP and AP issue. Ann agreed to chair the committee. The committee needed to make a recommendation about common course numbering to the Council on General Education by March 1, which made it impossible to do so before today's meeting. Ann requested input from members on our listserv and many excellent suggestions to the subcommittee. John Kohler passed out a copy of the initial report of the committee. The Council on General Education suggested a needed change which is to have a

separate set of numbers for the three semester sequences.
